## MRS. OBENCHAIN'S FREEDOM SEEN

Former Husband Shifts Slaying  
of Kennedy to Another

SAYS MAN WILL BE JAILED

Claims New Evidence—State  
Employs Assistant

LOS ANGELES, Calif.—(By Associated Press)—Investigators for the prosecution of Mrs. Madalynne Obenchain and Arthur C. Burch, jointly indicted in connection with the slaying August 5, of J. Belton Kennedy, broker, were viewing with interest today the published statement of Ralph R. Obenchain, divorced husband of the young woman defendant, that he had uncovered evidence that would jail another man within five days and result in the freeing of both prisoners.

### NEW WITNESS ARRIVES

The activity of the defense was further manifested late yesterday, it was learned, when an expected witness for Mrs. Obenchain arrived here from Honolulu, in answer to a cablegram from Mrs. Obenchain. The woman is Mrs. Frank Demond, Mrs. Obenchain's friend, who it is said, was with her up to a few days before the slaying of the broker. It was indicated by counsel that she might throw light on the prisoner's supposed love affairs with Kennedy.

### STATE'S ACTIVITY

LOS ANGELES.—(By United Press)—Defenders of Madalynne Obenchain, charged with the mid-night murder of Joan Belton Kennedy, plunged into the case with such energy today that the explosion of a "bomb shell" by them was generally expected.

The sudden display of energy and optimism of the defense led the state to now activity today. The prosecution retained Malcolm McLaughlin, an investigator with a brilliant record on the coast, to seek evidence which will build up its case. McLaughlin also was expected to learn who Obenchain's workers are, their identity being carefully concealed by the defense.

If the occult can aid Madalynne, it was indicated today that such help will be offered thru Mrs. Angela C. Kaufman, wife of a millionaire razor manufacturer, who is interested in spiritualism and is said to be interesting herself in the case. Mrs. Kaufman recently befriended a girl defendant here and saw her acquitted.

## FRAMEUP VICTIM, MAYOR CLAIMS

Newark Executive is Suspended  
by Governor Davis

COLUMBUS.—(By Associated Press)—Altho he contends that the charges against him are a frame-up by gamblers whose places he ordered raided, Mayor Herbert A. Atherton, of Newark, yesterday was suspended from office for 30 days by Governor Davis pending further hearings.

A special investigation by attorney General Price was said to have brought out further information, led the governor to suspend Atherton on charges of misconduct in office and gross neglect of duty, and give all concerned a chance to obtain justice in the hearings.

The Law Enforcement League of Licking co., filed the charges against Atherton. He will be given a hearing before the governor on August 30.

Atherton, a Democrat, was re-nominated for a third term at the recent primaries and requested that the charges against him be cleared up before the general election in November.

The charges against the mayor allege: That Lawrence Pfeiffer paid Atherton \$25 a week in October, November and December last year, and again in February and March this year for non-interference with an alleged gambling joint.

That Robert A. White paid the mayor \$100 in October, 1919, and the same sum again the following winter, on alleged promise that White was to be notified if his place was to be raided.

That Eugene Schlegel paid Atherton \$125 for alleged protection of one place in November and December, 1918; \$100 a week in May and June 1920, for non-interference at four other alleged gambling rooms, and in June this year, \$100 for guarantee against molestation of still another place.

That Howard E. Rathbun, paid for protection of one place \$25 a week for 14 weeks in 1920; \$25 a week last February; \$50 a week last March and April; the sum of \$50 in June and \$50 again in July.

### WELCOMES PROBE

NEW YORK.—"I will gladly welcome an investigation," was the only statement that could be obtained from Mayor H. A. Atherton or his attorney, L. C. Russell, today. This was made when the mayor was notified last night that Governor Davis had ordered his suspension for 30 days and set his hearing for August 30.

The mayor and his attorneys were conferring this morning.

## MURDER PROBER

Al Manning

Who killed J. Belton Kennedy, Los Angeles insurance broker, mysteriously murdered at his summer cottage near Los Angeles on the night of Aug. 5? Al Manning, superintendent of criminal investigation of the city of Los Angeles, is trying to solve the problem. He caused the arrest of Mrs. Obenchain and Arthur C. Burch.

## RUM SHIP SEIZED AT CLEVELAND

Cargo of Canadian Whiskey  
and Wines Taken

### ELEVEN PERSONS ARRESTED

Liquors Consigned to Many  
Prominent Ohio Men

CLEVELAND.—Police and prohibition officers swooped down on the Canadian yacht Venice, unloading liquor at this port early today, seizing 95 cases of the best whiskey and rarest of wines.

Seven men and four women were placed under arrest. Among the men arrested are:

Captain William L. Curry, Toronto; Norman Curry, deck hand, Toronto; Joy Barney, salesman, Cleveland; Charles Giacinto, fireman, Cleveland; Michael Paile, fireman, Kingston, Ont.

### DEPARTURE HALTED

The seizure came as a result of investigations being made on instructions from federal prohibition Commissioner Haynes as to rum running from Canada to this port.

Police say on the yacht they found a list of prominent Clevelanders to whom the whiskey was to be delivered, including that of a former federal official.

### MOVES UNDER DARKNESS

The yacht was observed late yesterday off shore, moving back and forth, waiting for darkness to land its cargo. Shortly after midnight police were notified that a ship without lights had made fast to one of the ore docks at the mouth of the Cuyahoga river.

Flying squadrons were sent out and arrived in time to capture the truck on which the liquor had been loaded.

Police charge that the yacht was in the service of one of the biggest whiskey rings in Canada and the United States.

The seizure of the Venice follows closely on the heels of the capture of the Tranquillo several weeks ago.

## ORDER INVENTORY TO BE TAKEN

Utilities Body to Fix Gas Rate  
For This City

Appraisal of the properties of the Lima Natural Gas company was ordered Thursday by the state utilities commission in deciding on an appeal made from the recent ordinance passed by Lima city council.

The commission ordered that the Lima Natural Gas company make an inventory of the value of its properties. Upon the price charged during the past five years on an average, the ultimate gas rate is to be determined, the commission announced.

WASHINGTON.—Temporary suspension of the customs ban prohibiting intoxicating liquors which are shipped from one foreign country to another to move across the United States was announced by Secretary Mellon.

## SUSPICIOUS LOOKING SAFES ARE GIVEN WIDE BERTH

CINCINNATI.—Police and attaches of the Wilburine Oil Company of this city, gave the five safes in the office of the company a wide berth early today. When the office was opened, it was found that crackmen had invaded the place during the night. The combination knob had been knocked off each safe and holes had been drilled under the combinations. From the holes a liquid was seeping.

Believing that the liquid was nitroglycerin, no effort was made to open the safes because of the fear that an explosion might ensue. Therefore the police decided to wait until the stuff had evaporated. Whether the robbers entered the safes and then relocked them, or were frightened away before they could blow them will not be known until the receptacles are opened.

## IRISH PARLIAMENT UNDER GUARD

Sinn Fein Troops Called As Pre-  
cautionary Measure

### PEACE TERMS ARE DEBATED

Dail Eireann May Not Back  
De Valera's Demands

DUBLIN.—(By United Press).—Armed troops of the Irish republic army were called out to guard the mansion house this afternoon while the Dail Eireann went into secret session.

Huge crowds, among them it was feared, might be British "spotters" surrounded the building where the secret deliberations, which were to determine the fate of Ireland, were in progress.

Sinn Fein troops guarded lanes down which the delegates walked to enter the mansion house, while an anxious throng watched them, scarcely a cheer breaking the silence.

### MAY NOT BACK DE VALERA

DUBLIN.—(By Associated Press).—Debate on the reply of the Irish republic parliament to the British government's offer of dominion status to Ireland was begun by the parliament in executive session here today.

During public meetings held on Tuesday and Wednesday the members heard Eamon De Valera denounce the British offer, and assert that Ireland would insist upon separation from England, but with the exception of the applause which greeted his utterances, there was little by which observers could estimate the attitude of the majority of parliament toward absolute rejection of the terms submitted by Prime Minister Lloyd George.

It was the general belief that the Dail Eireann would not break off the negotiations with Great Britain and it was thought that some action might be taken to approach Ulster in an effort to secure her cooperation in carrying on the conversation in London. Mr. De Valera stated yesterday that he was ready to get in touch with the government of northern Ireland, and that the Irish republicans would "make sacrifices to Ulster, that they would never think of making to England."

### NEW PROPOSALS HINTED

The nature of the "sacrifice" to Ulster that Mr. De Valera had in mind were not disclosed yesterday, but it was believed today that he would reveal to the members of the parliament the steps he would advocate in bringing Ulster in accord with the Sinn Fein. Should such an entente be reached, it was indicated yesterday, new proposals to Great Britain might be made and there were observers who expressed belief that the offer would take the form of a proposition to enter the commonwealth of British dominions as an independent state. An agreement granting the prime minister's stipulations relative to naval control of the seas about Ireland and air bases on the island might be complementary to such an offer, in the opinion of men who have followed closely the work of the parliament.

The possibility of calling a plebiscite by which the people of southern Ireland might give their leaders a mandate governing their future relations as one of the solutions of the situation. In the addresses delivered before the public sessions of the parliament it appears that stress was laid on the principle that chief claims of the Irish republic movement could not entertain Great Britain's proposals and there were many who believed Mr. De Valera and his colleagues possibly intended to ask for new instructions.

## BUSBA NAMED SAFETY DIRECTOR OF BUREAU

COLUMBUS.—Orin D. Busba, of Cleveland, has been appointed safety director in the state factory inspection bureau succeeding Fred Lang, resigned, it was announced today.

Thomas P. Kearns of Dayton, whose dismissal caused Lang's resignation, has been succeeded by Ernest U. Whitaker of Columbiana co as chief of the factory inspection bureau.

John R. Kennedy, of Harrison co, was appointed architect in the bureau.

## EXPERT COUNSEL TO BE SOUGHT

Aid For Garling in Gas Rate Fight  
Will be Asked

### MAY SHUT OFF GAS SEPT. 1

Threat is Made by Producing  
Company at Medina

That the litigation instituted by the Lima Natural Gas company against the city Wednesday will probably mean employment of expert counsel to assist Solicitor H. E. Garling in preparing the defense, was admitted Thursday by Mayor Burkhardt.

The mayor had a conference with Solicitor Garling Thursday morning, in which the matter was taken up, it was stated. The meeting was for the purpose of discussing what course of action the city should pursue in fighting the case.

"I can't say just what steps will be taken," declared Mayor Burkhardt. "I don't know what counsel will do, but it is probable that recommendations will be made asking for additional counsel."

### WILL ASK FOR COUNSEL AID

Both the mayor and Garling, he stated, expected to ask authorization to employ expert talent to assist Mayor Burkhardt stated that he expected council would order more legal help to be secured for the case.

Attorney George H. Quail, who has represented the city before the utilities commission on several prior occasions, notably the telephone rate and light hearings, was mentioned by the mayor as a possibility.

Mayor Burkhardt stated that he was not greatly surprised at the action of the company in filing an appeal. The city and company could not agree, he stated; that it is best for the courts to decide between them.

Solicitor H. E. Garling, stated Thursday that allegations made by the gas company in their court petition, contained nothing new. It was, he stated, a reiteration of former arguments. The appeal filed before the utilities commission has not been examined by him, he stated.

Solicitor Garling and JONES CONFIRM. Councilman Ellis E. Jones, leader of the opposition to the gas company since the retirement of Councilman A. W. Tarvin, held a conference with Solicitor Garling early Thursday.

The two spent some time studying the gas company's petition and discussing the city's defense.

Solicitor Garling stated that he had not outlined a definite course of action, as there is ample time for the city to prepare and file an answer.

The present rate ordinance and the agreement between the Medina and Lima companies for a supply of gas, both expire September 1. Should the Medina company carry into execution its threat to shut off the gas on that date, Lima will be dependent on artificial gas. The city has as yet taken no steps to prevent such action.

## RAILS WITHHOLD RATE PROPOSALS

Will Await Ohio Commission's  
Order in Case

COLUMBUS.—(By Associated Press).—S. C. Matthews, St. Louis freight traffic manager of the Pennsylvania railroad, testifying today before the state public utilities commission in its hearing on freight rates, declared the carriers would not attempt to file schedules of new rates on highway materials, except brick, offered yesterday.

The new rates claimed to make a reduction, were vigorously opposed by crushed stone, sand and gravel interests.

The carriers will wait, Mr. Matthews said, until the commission enters its order in the case.

The Pennsylvania executive pointed out that regardless of what the commission may rule on brick rates, it will have to follow the interstate commerce commission's lead, now has an identical case before it.

State rates, he said, could not clash with interstate ones.

The railroads, Mr. Matthews declared, will be glad to confer with material interests, as proposed by the latter yesterday, in an effort to arrive at just rates.

## ARMY OF GRASSHOPPERS ADDS TO RUSSIA'S HORRORS

PARIS.—A great plague of grasshoppers, billions of them, darkening the sky, is destroying the last vestige of crops needed for starving Russia, in the Samara and Saratov districts, according to reports reaching the Red Cross here today.

Dr. Georges Lodyginsky, a delegate of the Russian Red Cross, has reported that five billion pounds of food are needed in districts which are being ravaged by the grasshoppers.

Whole villages have been abandoned.

Stragglers tell by the roadside and lie abandoned and unburied.

## NEW U. S. DETECTIVE CHIEF

William J. Burns

## BURNS APPOINTED BUREAU HEAD

New Yorker Made Chief Detective  
for Uncle Sam

### SUCCEEDS WILLIAM FLYNN

Severs His Connection With the  
Famous Agency

WASHINGTON.—(By Associated Press).—Appointment of William J. Burns, of New York, as director of the bureau of investigation of the department of justice, was announced today by Attorney General Daugherty.

Mr. Burns succeeds William J. Flynn.

"I have known Mr. Burns personally for thirty years and have watched him develop in his specialty," Mr. Daugherty said. "He is familiar with all of the departments of the government, is an intelligent and courageous man, and at this time especially is considered to be as high class a man as could be secured to assume the important duties assigned him. The bureau will be reorganized as expeditiously as possible and brought to the highest point of efficiency."

"Mr. Burns has severed his connection with the Burns Detective Agency and will come to Washington and devote his entire time to the service."

## 60,000 WILL GET ROAD JOBS

This is Reason Work is Pushed,  
Gov. Davis Says

LONDON, Ohio.—(By Associated Press).—Governor Davis, speaking at a county picnic here today, reviewed reasons why the administration is going ahead with its road-building policy.

Interruption of public work, the governor declared, would aggravate unfavorable conditions affecting business and agriculture.

The building of highways, he said, directly and indirectly gives employment to "some sixty thousand men." These men, Davis continued, support at least 40,000 dependents, so that approximately 100,000 persons obtain a livelihood from road construction.

In order that the state will get the benefit of lower prices, the governor pointed out that two scheduled road lettings have been cancelled.

Davis recapitulated the reasons for reorganization of the state government, and pointed out again the benefits he says have resulted.

He asserted the most rigid enforcement of the prohibition laws is the policy of the administration.

"If there is an impression in some quarters that a violation of the liquor laws somehow is not an offense, or at least not a serious offense against the state, it behooves all public officials to see to it that this impression is promptly and permanently corrected," he declared.

## SEVEN CIVILIANS PASS TEST FOR POLICEMEN

Examinations recently conducted by the civil service department resulted in seven civilians qualifying as patrolmen.

Three police officers failed to pass the quiz which would have made them eligible for appointment to the grade of sergeant, according to an announcement made by the board Wednesday night.

The civilians passing as the test for patrolmen are: D. J. Hollingshead, Don C. Byrd, H. C. Pollock, C. Swaney, T. J. Cunningham, I. E. Crow and Perry L. Roeder. Willis Kipkor, passed the test, qualifying him for promotion to detective.

## BLAME PLACED IN BERGDOLL CASE

Officers Accused of Conspiring  
to Aid Slacker's Escape

### PROBERS REPORT FINDINGS

Ansell is Branded as Master  
mind in the Plot

WASHINGTON.—(By Associated Press).—Samuel T. Ansell, former acting judge advocate general of the army and of the prisoner's legal counsel; Colonel John E. Hunt and Colonel C. C. Cresson were charged with conspiracy in connection with the escape of Grover Cleveland Bergdoll, the draft evader, in a report signed by three of the five members of a special investigating committee, filed today with the house.

Characterizing Ansell as "the master mind" in the plan by which Bergdoll was released from a military prison under guard to dig up a pot of gold, the majority report recommended that he be disbarred.

A minority report filed at the same time held, however, that there was no testimony to support the charge that Ansell, thru whose efforts as counsel the prisoner was released, "conspired to effectuate his escape" or that his motive was improper.

One Republican, Representative Lühring, of Indiana, and two Democrats, Johnson, of Kentucky, and Flood, of Virginia, signed the majority report. The minority views were presented by Chairman Peters, Maine, and Representative McArthur, Republicans.

### HUNT RESPONSIBLE

The majority held that Colonel Hunt, commandant of the barracks at Governor's Island, from which Bergdoll set out on his errand, was directly responsible for the slacker's escape thru failure to handcuff him or to prevent an adequate guard. The minority, after declaring that no officer of the army, "knowingly participated in the conspiracy," found "grave dereliction of duty on the part of Hunt."

As a basis for his criticism of Colonel Cresson, the majority report said that "as ugly as are the many phases of the whole matter, none is more defensible than the conduct of Colonel Cresson in his pretense of prosecution of Colonel Hunt," tried by court-martial in connection with the Bergdoll scandal. No reference to Cresson was made by the minority.

### CAMPBELL EXONERATED

Major Bruce R. Campbell, accused by Bergdoll's mother of having accepted \$5,000 to help obtain freedom for the prisoner, was exonerated by the majority.

The minority reported that there was no evidence that Campbell was in any way connected with the escape, but recommended an investigation.

Dismissal from the department of justice of Earl B. Wood, in charge of correspondence in the Bergdoll case, for failure to transmit to the war department a warning from a special agent that the prisoner was planning to escape, was recommended by the majority.

Major General Peter C. Harris, adjutant general of the army, who authorized Hunt to send Bergdoll under guard to the Maryland mountains in search for the gold, was charged by the minority with "primary responsibility," which made possible the escape.

The majority reported that the escape "was the direct result of the proposition submitted by Ansell to General Harris," and that "even if Ansell did not conceive the plan he presented it and pursued it to its accomplishment."

### SEIZURE COMMENDED

The majority report commended the seizure of the Bergdoll prisoner by Allen Francis Custodian Miller and urged that he make every effort to produce \$105,000 in gold, obtained by Mrs. Emma C. Bergdoll, from the treasury department, and alleged to have been buried on her farm near Philadelphia. The minority held that while "unquestionably a conspiracy existed to effect the escape of Bergdoll," it did not find that any officer received any bribe, or was approached with a view to bribery.

But that the conspiracy was participated in by Grover Bergdoll, the late D. Clarence Giboney, a Philadelphia lawyer, James E. Romig, formerly a Philadelphia magistrate and friend of the Bergdoll family; Ike Stecher, the Bergdoll chauffeur, "and possibly Mrs. Bergdoll." On this point the majority declared that Giboney and the Bergdoll group "conspired to effect the slacker's release," but in order to successfully accomplish it, it was absolutely necessary to have the active assistance of Ansell and Bailey (Edward S. Bailey), his law partner and Colonel Hunt, for "without the aid of these latter, Bergdoll could not have left Governor's Island."

## SENT TO PRISON

MANSFIELD, O.—(By Associated Press).—William F. Fisher, Richmond co auditor, was sentenced to serve from one to seven years in the Ohio penitentiary following his plea of guilty to a larceny charge late yesterday.

Fisher was indicted on a charge of having appropriated \$2,500 of street assessment fund for his own use. He collapsed on pronouncement of the sentence and was carried from the court room.

Vern Swisher, highway inspector, pleaded guilty to a charge of payroll forgery, but sentence was deferred.

## MISTAKEN FOR BURGLAR

DELPHOS.—Leo A. Gushman, 29, formerly of this city, was shot and killed by a city detective in St. Paul, Minn., when mistaken for a burglar. Friends have been notified. An attempt was made to rob Gushman's store. Gushman telephoned police and when he went from the rear end of the store to the front door to admit the officers, he was mistaken for the burglar and was shot.

## SEEK FREEDOM OF DONOVAN, WILLIS

Habeas Corpus Proceedings Filed In Their Behalf

### CLAIM BOND IS EXCESSIVE

Action Forestalls Early Hearing of Cases on Merits

Habeas corpus proceedings, brought in court of appeals Thursday, asks for the discharge of George Donovan and Joe Willis, convicted of highway robbery, or for a bond in money of less than \$50,000.

Absence of judges of court of appeals from the city Thursday prevented action upon the habeas corpus proceedings.

The plan is an unusual one, in that habeas corpus proceedings are rarely resorted to in the upper court. It is the first time in the history of court of appeals in Lima that the measure has come up.

The petition, filed with Walter M. Bowman, clerk, shortly after 11 o'clock Thursday, says that Donovan and Willis are confined in the Allen-co jail, in the custody of Sheriff Baxter, after having been indicted, prosecuted, convicted and sentenced for robbery.

### SMALLER BOND SOUGHT

The two applied to the court to fix the necessary amount of bail which would grant them their freedom. Bail was fixed at \$5,000, in default of which, they were committed to jail.

The action mentions that a petition in error was filed in court of appeals, asking that body to review the case and reverse sentence, granting a new trial. The court of appeals suspended sentence, thereby preventing removal of the two prisoners to the penitentiary, to which they were sentenced for three years by Judge F. C. Becker.

Again, the petition recites Donovan and Willis made application to have a reasonable amount of bond fixed and as court of appeals ruled they had no jurisdiction in the matter, the bond of \$50,000, as set in common pleas court, must stand. Judge S. A. Armstrong, counsel for the prisoners, in his proceeding Thursday, charged the bond is excessive.

He asked that inasmuch as the petitioners have no money or property and are indigent and cannot procure the securities, that the court command Sheriff Baxter to bring them before the judges; that they may be discharged or a reasonable amount of bond fixed, the petition says, as will preserve their rights and afford them the proper relief.

The reason the petitioners sets forth that because of the sentence, commitment to jail, being in custody of the sheriff and refused moderate bail, Donovan and Willis are unlawfully restrained of their liberty. Charge is also made that they have no remedy at law and will suffer irreparable injury if reasonable bail is denied and they continue to be restrained of their liberty.

**PLANNED TO HEAR CASES SOON**  
Judges of court of appeals, according to Walter M. Bowman, clerk, had manifested a disposition to advance the case in error in that court and hear the action on its merits soon.

But filing of the habeas corpus proceedings will necessitate action previous to hearing the other cases, even if a date had been set for them. No date has been fixed.

Mrs. Martha Reardon, wife of Joe Willis, has returned to Chicago. Willis says she is engaged in the selling of real estate and all she has to depend upon is her commissions. She had gone back to that city with the object of securing funds to promote the interests of her husband, seeking to bring his case to an early trial.

Donovan and Willis were arrested here on May 21, following a running gun battle with police on streets of South Lima, in which Raleigh Townsend, was killed.

## BOEDECKER SOON TO BE FREED

Court Order Here Restores Colima Man to His Family

A family was re-united Thursday, when Judge E. R. Eastman, Ottawa, sitting on the Allen-co, common pleas bench, deferred sentence upon John Boedecker, 25, who pleaded guilty to non-support.

Boedecker was arrested Saturday, just after the stork had paid a visit to his home and left a babe. Prosecutor Lippincott appealed to Judge Eastman Sunday to set bail for Boedecker, that he might join his wife and young child. The court set bail at \$250.

But Boedecker was unable to meet it. His wife has been in a serious condition at the home of her parents in Colima, due to separation from her husband at the critical time.

When arraigned Thursday, Boedecker told the court he was guilty. He said he had no work and could not pay. His wife was taken to the home of her parents for the visit of the stork. Boedecker has two children.

But here, his first wife, from whom he is divorced, was pushing her case of support of two children by their marriage. The grand jury had acted and Deputy Sheriff Dotson was forced to arrest Boedecker. That official, however, permitted him to be with his wife and family for an hour before starting to the county jail here.

As soon as costs in the case can be made up, Boedecker will join his wife and children in Colima. There, it is said, work awaits him, so that he may provide for his little family and comply with the law.

### MEN AND MATTERS.

A. C. Calhoun, Vern Pugsley, C. Stephens, C. Northrup, Charles Schmidt, William Harman, C. Ayers, J. Armstrong and E. C. Burger left Wednesday for Dayton to attend meeting of the Miami Valley Optical association.

## PREFERS RING TO RUSSIANS CRYING FOR BREAD

Merrie Feldman, Modern Portia Lauds Life In Cottage

By H. C. HAMILTON.

ATLANTA, Ga. — (International News Service) — When Miss Johanna Stollberg, eighteen, recently admitted here that she probably held a record in being the youngest law student ever to graduate from a law school — any school — the youngest woman ever to receive a diploma entitling her to practice law, she started something.

Johanna "had a classmate, also rather youthful and also of the "more deadly" species. She made herself known a few days later. She is Merrie Dorothy Feldman, also of Atlanta, also a graduate of the Atlanta Law School, and who modestly lays claim to seventeen summers, none of which you would suspect from her features.

Johanna wasn't much on talking about things legal. Not so Merrie Dorothy. Johanna works in an office where motion picture films are distributed and again Merrie Dorothy claims the honors. She works in a law office, from where she expects soon to be admitted to the bar.

Both are going to take advance law work—probably at Columbia University in New York.

"If a woman's career interferes with her marriage," said Miss Feldman in answer to questioning, "by all means give up the career. I believe ambition for a career is admirable in a woman. Some can carry on a business career and take care of home life, too. Others cannot. For those who cannot there is only one thing to do—devote life to the home."

## HERO OF VIMY RIDGE SWORN IN AS GOVERNOR GENERAL OF CANADA

Wails Resound as People Sicken in Famine

DROUTH TAKES GREAT TOLL

Peasants Return to Christianity in Extremity

BERLIN — (By International News Service) — Stories are reaching Berlin hourly of the great tragedy which has fallen on Russia. Some of these seem too ghastly for belief. Yet the many parts of the country from which they come and the same terrible details of famine, disease and death with which they are crowded indicate that Russia is undergoing up to the world's stage in greater catastrophe than ever before.

The mighty nation of a hundred and forty millions is writhing in the death agonies of cholera, scurvy, hunger and typhus. Plague has rendered the streets of the principal cities like London's highways during the terrible visitation of 1865. Politics, personalities and creeds are forgotten momentarily before the scourge. Marxist theories are vanishing into thin air before nature's relentless onslaught. All the efforts of the Soviet Government are directed toward the formation of committees of succor, many members of which are former bitter political opponents. History has no parallel to the disaster now overtaking the unhappy land.

**GRASS CRACKS IN EARTH DROUGHT TAKES TOLL**  
The drought is taking its toll of victims in the north. The earth in many places shows cracks twenty feet deep. Trees are devoid of leaves, and all wells and streams are dried up. Many villages have been wiped out by fire. Nearly all the cattle have been slaughtered for food, or died for want of water. The population is feasting on rotting sun-dried carcasses, collapsing immediately after from ptomaine poisoning. Whole towns are emigrating in thousands. Many of these unfortunate will never reach their destination, and hundreds have already perished on the way. Those that are struggling along on their tragic pilgrimage are living on grass, hay, tree-bark, and plundering wherever they can.

Autopsies have revealed that the stomachs of the dead contained nothing but parched grass. In many cases the populations of towns and villages come out into lanes to meet the refugees and massacre them for fear that they will plunder their own precious food stores. The cry for bread is ringing from helpless mouths over countless thousands of square miles and there is panic to hold Saratoff in offering in vain ten horses and five head of cattle for each three pounds of flour.

**KNEEL AT SHRINES**  
The peasants are kneeling at wayside shrines before effigies of Christ, crying out: "There is no health in us, O Lord! Give me bread, O precious Saviour! Erre perishe!"

The Deravnevska Biednota, the Soviet organ, prints today a list of provinces in which famine and other scourges are killing one person in three. These include Moscow, Petrograd, Archangel, White Russia, Smolensk and Crimea. There are reports that the Soviet Government is preparing to transport 1,200,000 peasants into China. It is estimated that 600,000 will never reach the journey's end. One person in every 400 sufferers can be accommodated in the special hospitals which the Soviet Government has erected at Moscow and Petrograd. Others fall dead in the streets, their bodies contaminating the air, while birds of prey hover ominously above the telegraph wires.

The simplest operations cannot be performed for lack of doctors. Those that are there have no instruments, no anesthetics, no bandages, no medicines.

Germany is participating actively in the international measures for the assistance of Russia. Maxim Gorky, with the agreement of the Soviet authorities, is coming to Berlin to get in touch with leading physicians and scientists. The Germans are unable to send food but are dispatching with all haste numerous Red Cross units, huge quantities of surgical instruments, especially to the Volga district, where there are 750,000 Germans.

**WORLD NEWS**  
BERLIN — Twenty-four Poles were killed and many wounded in a fight between Germans and regular Polish troops near the frontier villages of Sternalitz and Kostelitz, in Upper Silesia.

WASHINGTON — J. Edward Russell of Sidney, Ohio, a former member of congress was selected by President Harding to be Ohio state prohibition commissioner.

PORT ARTHUR, Ont. — Mrs. Jan Van Albert, who recently became a bride will always look up to her husband as he is nine feet five inches tall.

KATTOWITZ, Upper Silesia — Cooperation in the interest of their "common motherland," was pledged in an agreement signed by representative German industrial and political leaders and labor representatives from all Polish parties in Silesia.

CHICAGO — Divers who have been working for a week removing automobiles from an abandoned stone quarry near Summit, a suburb, said that there are 100 machines in the pool.

**GRANDMOTHER SAYS:**  
Vegetables that can be cooked with their own skins on contain much more nourishment than peeled vegetables.

If a needle is held between the lips while peeling onions water will be kept from the eyes, and it also prevents smarting.

If possible, use pastry flour for making biscuits.

## HERO OF VIMY RIDGE SWORN IN AS GOVERNOR GENERAL OF CANADA

## 100 MURDERED BY "GOOD KILLERS"

Six Suspected Members of Gang Taken in New York

NEW YORK. — (By United Press) — Murder victims of the "Good Killers" gang of New York hired assassins may total more than 100, it was estimated today by detectives investigating the conspiracy.

Six alleged members of the gang are held in the Tombs here today, in connection with the murder of Carmelo Calzo near Asbury Park, N. J. They are Bartolo Fontano, the informer, Vito Bonventre, Francesco Puma, Mariano Calanto, Giuseppe Lombardi and Bartolomeo Di Gregorio. The only charge against the last named is unlawful possession of a revolver.

Bloody trails of the "Good Killers" were being followed today to Pittsburgh, Chicago, Buffalo, Detroit and to several cities in New Jersey.

Most of the gang's murders are believed to have occurred in New York, Detroit, and Chicago. The conspirators have been linked up with 17 New York killings. Seventy Italian murders remain unexplained in Detroit and more than 20 in Chicago. Most of these may be traced to the "Killers."

The "Good Killers" was an organization of professional murderers, police say, which acted under instructions sent by the head of the secret society in Sicily. Its object was "removal" of persons who had enemies willing to pay for their murders. The assassins themselves were killed when they "knew too much."

Among those marked for death, according to confessions the police say have been made by several of the gangsters under arrest here, were Detective Sergeant Michael Fiachetti and Dr. Carlton Seamon, head of the police narcotic squad here.

He also charges his wife absented herself from his home almost every night and would awaken him at two or three o'clock in the morning, upon her return, thus preventing him from securing rest and doing good work at his daily employment.

The petition recites they separated on September 1, 1920, although he supported her up to June 1, last. The couple were married in Lima on March 26, 1914. Bennett earns \$65 a week, he says.

## WIFE ABSENT AT NIGHT, BENNETT AVERS IN SUIT FOR LEGAL SEPARATION

Charges that his wife, Marie Bennett, had become dissatisfied with him and was not content to live with him in his income, were made by Clark L. Bennett, in a suit for divorce, filed Thursday.

He also charges his wife absented herself from his home almost every night and would awaken him at two or three o'clock in the morning, upon her return, thus preventing him from securing rest and doing good work at his daily employment.

The petition recites they separated on September 1, 1920, although he supported her up to June 1, last. The couple were married in Lima on March 26, 1914. Bennett earns \$65 a week, he says.

## DIVORCE DECREES GRANTED TO 5

Four Unhappy Wives and One Husband Win Separation

CRUELTY AND DESERTION

Court Frees Man From Woman Prisoner in Workhouse

It was divorce day in common pleas court Thursday. Four unhappy wives and one husband taking advantage to the presence of Judge Eastman in the city from Ottawa, to hear court matters.

Pearl M. Guy was granted a decree from Ira Guy, 498 McPherson ave., who did not appear to contest the case, on the grounds of cruelty. Mrs. Guy told of several times her husband struck her. She declared that while walking home from work not far in advance of another man, her husband followed them and dragged the man into his home and beat him, although he was guilty of no wrong-doing. The amount of \$100 contributed to the home was given Mrs. Guy as alimony. Her husband's dower in their property was barred. The couple have two children, Soach Guy, 15, and Darrell Guy, 12. The Guys were married in Lima on September 5, 1904.

Burtina Blosser was granted a divorce from Lester Blosser, now in a penal institution and was restored to her maiden name of Burtina Ellinwood. The couple were married in Monroe, Mich., on December 11, 1916 and have no children. They separated the following May.

Clara Elliott was divorced from Walter Elliott, to whom she was married on May 25, 1920. Mrs. Elliott told the court her husband disappeared soon after their marriage and that his whereabouts are unknown. They have no children.

Mary Milich was granted a divorce from George Milich and restored to her maiden name of Kuhn. Because she was a minor, the suit was brought by her mother, Ada Kuhn.

Merlin Baker was ordered to pay his wife, Loretta Baker, the amount of \$6 a week until the action for divorce instituted by Mrs. Baker, is disposed of.

Denver Stotts was granted a divorce from his wife, Ocie Stotts, and awarded the custody of their son, Wilbur. Mrs. Nettie Miller, woman probation officer, testified that Mrs. Stotts was sentenced to the workhouse at Toledo from juvenile court on conviction of contributing to the delinquency of a young girl. Mrs. Stotts is now serving time in the workhouse.

**TOOTHACHE WINS LIBERTY FOR PARKING VIOLATOR**  
KANSAS CITY, Mo. — An extracted tooth, produced as an "alibi," won the sympathy of the court and caused Judge Kennedy to be lenient toward T. A. Nicholson.

Nicholson was haled before the court charged with violation of the parking ordinance.

"I parked too long, it is true," he said, "I went to a dentist's office because my tooth hurt. It took him longer to pull it than I thought."

Nicholson laid the "evidence" on the judge's bench.

## It's toasted

LUCKY STRIKE CIGARETTE

LIMA MAN NAMED BY K. G. E.

A. J. Wheelbarger to be Made Supreme Representative

A. J. Wheelbarger, Lima, retiring Grand Chief of the Knights of the Golden Eagle, was nominated for the office of Supreme Representative of the lodge Wednesday night, at the adjournment of the 1921 convention at Springfield.

Bellaire was chosen as the convention city for 1922, during the closing session Wednesday. After a heated debate, the matter of building a state home for members was tabled and will not be considered until the next convention.

Officers will be elected by the Knights next December, at which time the present leaders, including Grand Chief A. J. Wheelbarger, of Lima, retire.

The following officers were nominated, and will probably be confirmed in the election, as their nomination is practically equivalent to election:

Grand chief, J. H. Knapp, Cleveland; grand vice chief, D. D. Jones, Cleveland; grand high priest, J. C. Washburn, Cleveland; Blair Steel, Tiltonville; J. C. Carl, Springfield, and W. F. Fleming, of Piqua; grand keeper of records, P. J. Goodrich, Troy; grand keeper of exchequer, W. F. Volentine, East Palestine; C. W. Oliphant, Webster, and Thomas Farr, Cleveland; grand sir herald, H. M. Edwards, Ironton; grand first guard, Harry Vollmer, Cleveland; grand second guard, C. E. Sexton, Lisbon; grand trustees for three years, W. H. Cox, of East Liverpool, and J. C. Parsons, of Springfield; supreme representative, A. J. Wheelbarger, Lima.

## Take the Short Cut

WHEN you were a youngster, you never went to school the long way 'round! You took a short cut.

Every advertisement in this paper is a short cut. Advertisements make it possible to tell you in a few minutes all you want to know about the service or articles you need.

At a glance you can sift out the things that interest you most and in a moment you know just when and where to go for what you want.

Figure how many steps, how much needless walking and talking the advertisements thus save you and your neighbors.

Then you realize the great economy and necessity of advertising in your daily life.

## BIG PLANT AGAIN IN OPERATION

Akron's Head Lifted Out of  
Business Stagnation

MAKING 75,000 TIRES DAILY

Three Times the Production at  
Opening of Year

AKRON — (By Associated Press) — Akron, the rubber city of the world, gradually is lifting its head out of the business stagnation that has enveloped it for the last year, a survey shows.

Few industrial cities were hit harder than Akron by the post-war depression. Almost in a twinkling it had fallen from a city where workers' pay envelopes were stuffed to overflowing, to a town where jobs were at a premium, and pounding the pavements for days sometimes failed to turn one up.

Workers left Akron in numbers, it was an exodus. The vast rubber factories seemed strangely still after the feverish activity of war days.

The inertia is being thrown off now, and the rubber industry of Akron, where 40 per cent of the rubber goods of the world, and 65 per cent of the world's tires are manufactured, practically has completed its readjustment, and is operating at the peak for the year, according to the most reliable men in the industry.

**WAGES REDUCED.** Resumption of industry finds the high wages of war days a thing of the past. While skilled tire builders and finishers still make \$6 and \$7 a day, the hiring-in rate for labor in some of the factories has dropped to 30 cents an hour, and for women has gone as low as 25 cents an hour. Tire builders and finishers are taken on for the probation period at from 63 to 80 cents an hour.

At the present time, the city is producing at the rate of 75,000 tires a day, which is three times the production registered at the opening of the year, and is equal to the production in 1918, and within 75 per cent of the peak of last year, said to have been the largest in the history of the industry.

Reliable reports give the Goodrich Tire and Rubber Company a daily output of 26,000 tires a day, with 5000 additional tubes; the Firestone Tire and Rubber Company, 25,000 tires a day; the B. F. Goodrich Company, 16,000 tires a day, and the Miller, 5000 tires a day, according to information from the Akron Chamber of Commerce.

Practically all the smaller rubber companies are working 100 per cent of normal. Chamber of Commerce officials said.

**GREATER EFFICIENCY.** In other divisions of the rubber industry the return to normal has been less uniform. The mechanical goods department are operating at 60 per cent of normal, information at the Chamber of Commerce disclosed, as a whole with some divisions running at peak. The heel production departments, which closed their record year with a total output of 100,000,000 pairs of heels for the year, continue to operate on

this basis. Drug sundries are operating at about half normal, while foot wear orders already booked indicate that the real opening of the selling season January 1, will see 100 per cent production.

Greater individual efficiency is the rule now. Last year, it was the general rule that one man on the payroll produced one tire a day. A total of 72,000 day and piece workers were producing less than 95,000 tires a day.

The present daily output is being produced with less than 27,000 piece and day workers, it was said at the Chamber of Commerce. In one tube department, figures published by the company indicate that 625 men and women are producing 30,000 tubes a day, as compared with a previous peak of 23,000 tubes produced by 1100 men and women.

One of the principal reasons for the high production efficiency, it is said, is that only experienced men are taken on and thus the high turnover in labor has been eliminated entirely.

Much of the high-priced inven-

tory, the write off on which totaled \$75,000,000 last year, is being worked off and sold.

It is estimated that the larger companies with the exception of one will have worked off their high-priced fabrics and rubber by next spring.

The fact that one of the large companies paid off more than \$14,000,000 worth of bank loans thus far this year, besides maintaining the preferred dividends is looked upon as an indication of what the other companies will be able to do with their unfounded indebtedness. It is not likely, according to well informed bankers, that those companies which passed their common or preferred dividends this year will resume payment until some time next year.

# TOMORROW!

WILL BE ANOTHER BIG DAY OF SPIRITED SELLING

## HURRY! HURRY! HURRY!

PRICES HAVE BEEN CUT TO EFFECT A QUICK CLEARANCE

Just two more days to take advantage of these FINAL CLEARANCE PRICES—Yesterday was the opening day of this wonderful Apparel sale—You should have been here to see the way the many bargains were snatched up by scores upon scores of Women, many of them who came from miles around to take advantage of the low prices that this sale affords—These special prices will be in effect only during this sale—Friday and Saturday are the last days.

## GIRL'S COATS

FORMERLY \$10 TO \$22.50

This special price comes just in time for mothers who are making preparations to send their daughters to school—Every Coat in this lot is suitable for Fall Wear—made of medium weight fine soft fabrics in suitable shades for Fall wear—Sizes 6 to 14—and a few in sizes 2 to 6.

\$5<sup>00</sup>  
EACH

FINE WHITE

## WASH SKIRTS

FORMERLY \$5.90 TO \$10.50

All remaining Wash Skirts, formerly selling from \$5.90 to \$10.50, go in this sale at \$2.98.

Splendid styles in pre-shrunk Gabardines and Surf Satins—Skirts of the better kind, insuring more than one season wear, it will pay you to buy them now and lay them away until next year—You'll be many dollars ahead.

\$2<sup>98</sup>  
EACH

## SILK SPORT SKIRTS

ACTUAL VALUES TO \$35.00

Every smart new style shown this season—Luxurious Silk Sport Skirts that formerly sold up to \$35.00—Baronettes, Satins, Fantais, Newport Cords, Rhap-sodie, Koket Plaid, etc.—in White and Sport colors. In many cases the price of the materials cost more than \$5.00 per yard.

\$5<sup>00</sup>  
EACH

## WASH DRESSES

CHOICE OF THE HOUSE  
FORMERLY \$15 TO \$35

Regardless of former price, we offer all remaining Summer Wash Dresses at \$5.00—Dresses that formerly sold from \$16.00 to \$35.00—Organdies—Voiles—Ginghams—Linen, etc.—all from this season—beautiful styles—about 40 in the lot.

\$5<sup>00</sup>  
EACH

FINE

## DRESS SKIRTS

FORMERLY \$5.75 TO \$19.75

SILK POPLINS SERGES VELOURS  
PANAMA CLOTH

A fine lot of high grade Dress Skirts—in good styles—Colors, chiefly Navy and Black, together with a fine lot of highly desirable Plaids—in Regular and Extra sizes—Medium weight fabrics, suitable for Fall wear.

\$4<sup>95</sup>  
EACH

ALL-WOOL

## JERSEY SUITS

1/2 PRICE

Every Suit in this lot is made of Pure Worsted Jersey—The kind of Jersey fabric that is guaranteed against shrinking, sagging, etc.—We know of no better suit for Sport wear, Business wear and Motoring—All colors are to be found in this great group, featuring dark heather shades in particular.

WERE \$19.75, \$25.00, \$29.75, \$35.00

## CENTER OF POPULATION

**"WESTWARD** the star of empire takes its way." You've heard that expression. And the center of population of the United States is going with it. Director of the Census Samuel L. Rogers finds that the center of population, as evidenced by the returns of the recent census, is located in the extreme southeast corner of Owen-co., Indiana, 8.3 miles southeast of the town of Spencer, having moved 9.8 miles westward and about one-fifth of a mile northward from the city of Bloomington, Ind., where it was located in 1910.

The center of population may be considered as the center of gravity for the population of the United States. If the surface of the country was assumed to be a rigid level plane without weight, if all the inhabitants were of equal weight and were distributed as at present and if the plane was balanced at its pivotal point—that is, its center of gravity—the influence on each person in maintaining the equilibrium of the plane would be directly proportional to his distance from the pivotal point or center of gravity. The cities of Seattle, San Francisco and Los Angeles, with a combined population of 1,398,661, exert a greater influence on the location of the center of population than the cities of Baltimore, Boston, Buffalo, Cleveland, Philadelphia and Pittsburgh, with a combined population of 5,197,624.

In the earliest census that was taken, in 1790, the center of population was in Maryland, near Baltimore. By 1820 it had passed into Virginia and by 1830 had moved on to what is now West Virginia, remaining within the confines of that state up to 1850. In 1860 it had penetrated Ohio, where it remained until 1880. In 1890 it was found to be in Indiana, about 20 miles east of Columbus and has remained in that state ever since, having moved about 63 miles westward in that state since 1890.

The westward movement of the center of population in the last decade is due principally to the increase of over 100,000 in population in the state of California.

## NO DEARTH OF LAWS

**FREQUENTLY** the expression is heard that there are too many laws; that if every law was enforced, half the people would be in jail and the other half would be in imminent danger of being in the same place all the time.

Time after time, by expression of their will at the polls, whenever the opportunity has been afforded, the people have expressed their disapproval of the enactment of new laws for this and that, every time someone gets a fool notion in his head to saddle his hobby on all the people. But the enactment of new laws goes steadily on, in the national Congress in Washington and in state legislatures.

The last General Assembly in Ohio was particularly offensive to the popular will in this respect. The number of new statutes placed on the books is amazing. An idea may be gathered from the statement that on two days during the present week a total of \$6 new laws went into effect.

Many of them are good laws, but more are bad and will not result in aiding the people generally, but will only add to their perplexity in endeavoring to be law abiding citizens.

## OPEN SESSIONS, BY ALL MEANS!

**A NATIONAL** publication has sent out queries to publishers of daily and weekly newspapers and periodicals of all kinds, everywhere in the United States, asking for an expression of opinion as to the advisability of holding open or secret sessions when the disarmament congress meets in Washington.

There is probably not a great deal of doubt as to the tenor of at least a majority of answers the publication referred to will receive. Newspaper men recognize the danger of secret sessions, where the interests of all the people are concerned.

Star chamber sessions of councilmanic bodies, state legislatures and national assemblies, whenever and wherever held, draw down upon the devoted heads of the members of the bodies the severest condemnation by the press, in behalf of the interests of the people.

Keep the conferences open, by all means. Then there will be no danger of serious blunders or entangling alliances that later will be regretted and which will bring down wrath on the heads of those guilty.

## PLAN TO SAVE GAME BIRDS

**ONE** of the most commendable projects undertaken by the government is the preservation of song and game birds. As the land is cleared, swamps are drained and cultivation of the soil attains a higher form of efficiency, the natural haunts of wild song and game birds are destroyed.

If no provisions were made for the protection of wild duck, quail, pheasant and other game birds, as well as the song bird list, from extermination, doubtless it would be only a short time until these and other birds would be in the same class with the carrier pigeon—a memory only, whereas years ago they were numbered by the millions.

As still further protection to birds, a bill has been introduced in the United States Senate, requiring a Federal license for hunters.

## SPONTANEOUS COMBUSTION

**ALLEN-CO** and environs has contributed its share to the large number of farm barn fires, directly traceable to spontaneous combustion. This is due to green or damp crops stored in barns.

Spontaneous combustion last year caused 221 fires in Ohio, with a property loss of \$1,029,887. The total for this year will very likely be as much, or more, when the large number of fires due to that cause are considered.

Combustion resulting in fire will occur in oily rags, old clothes, hay, grain and coal and especially are green or damp crops dangerous. All crops should be well cured before being placed in a barn and under no consideration should wet hay be placed in the mow.

The state fire marshal's department issues timely warning that barns should be well ventilated, but in such a manner that rain cannot drive in or roofs permit water to leak on hay and other newly stored crops. Even shelled corn has been known to harbor spontaneous combustion.

Just one fire from this cause caused a loss of \$3,000 near Glynwood, in Auglaize-co. Four horses, two barns, 100 tons of new hay and other property went up in smoke.

## JUST A MOMENT

**A LIMA** married man observes that it doesn't profit him to have the initiative so long as his wife has the referendum.

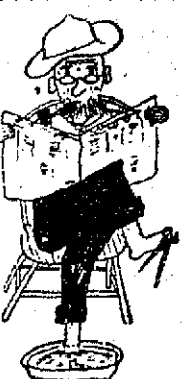

**IF** the commission-manager form of government can stop paved streets and alleys being torn up continually, let's have it quick.

**L**IMA people generally are richer than they thought, perhaps, but not much, after all. There are 16 eggs in cold storage for every man, woman and child in the country.

**D**URING the year 1920 there were 5,535 fires in Ohio, with a loss of \$13,997,974, due mostly to carelessness. Some persons do not even know how to spell the word "careful" or know its meaning.

**IF** Postmaster General Bill Hays but knew how much mail is transported, merely to find a resting place in somebody's waste basket, he could cut postal costs in half by its elimination. And the government is one of the worst offenders.

## AS YOU LIKE IT

### OLD SCISSORS SAYS:

Americans now spend a billion a year for soft drinks. As a money saver, prohibition of hard liquor didn't get us very far.

Now they're talking about a home for chorus girls. But when does a self-respecting chorus girl ever go home?

Andrew Devoe, Hackensack weather prophet, says anybody can go outside, take a squint at the sky and tell what the weather is going to be. Lots of people think that's the system that the weather bureau has been trying for years.

The dirtiest trick on record has just been played on the Universal Association of End-of-the-World Prognosticators. The earth passed thru the tail of a comet on August 8 and nobody peeped a peep about it until it was all over. Thereby we missed all the chills of terror down our backs, and even the thinnest chill would be welcome these days.

Blue law people ought to do something to these comets. They have a bad habit of staying out all night.

### GRANDPOP.

(Dedicated to Old Mike Gibbons, the St. Paul Phantom, who is still turning them down in the ring at a ripe old age.)

The Kill-Em-Quick Athletic club was sitting very nice. They'd trimmed the world at everything from harmony to dice.

I took my grandpop down there—grandpop's four-score and ten.

I took my grandpop down there once. I never will again.

I made my grandpop comfy in a great big Morris chair. I polished up his spectacles and told him not to care if any of the lads got rough or made a bit of noise. My grandpop beamed benignly and remarked, "Boys will be boys."

Young Arson and the Mayhem Kid were boxing pretty strong. For each one held a grouch and thought the other'd done him wrong.

And they were using everything that lay in fist or soul. Till grandpop hopped up from his seat and knocked them for a goal.

Our champion giant wrestlers were wrestling for a grudge. They struggled for an hour at, and neither budged a budge.

One solid hour both stood there as steady as a rock. Till grandpop yawned and threw them with an ancient scissors lock.

This opened up a free-for-all, the crowd surged on the floor. And punched and bit and scratched and kicked till everything was gone.

Then grandpop turned up both his cuffs and wrenched the mob apart. And next he looked at me and asked, "When does your program start?"

The Kill-Em-Quick Athletic club seems sort of changed a mite.

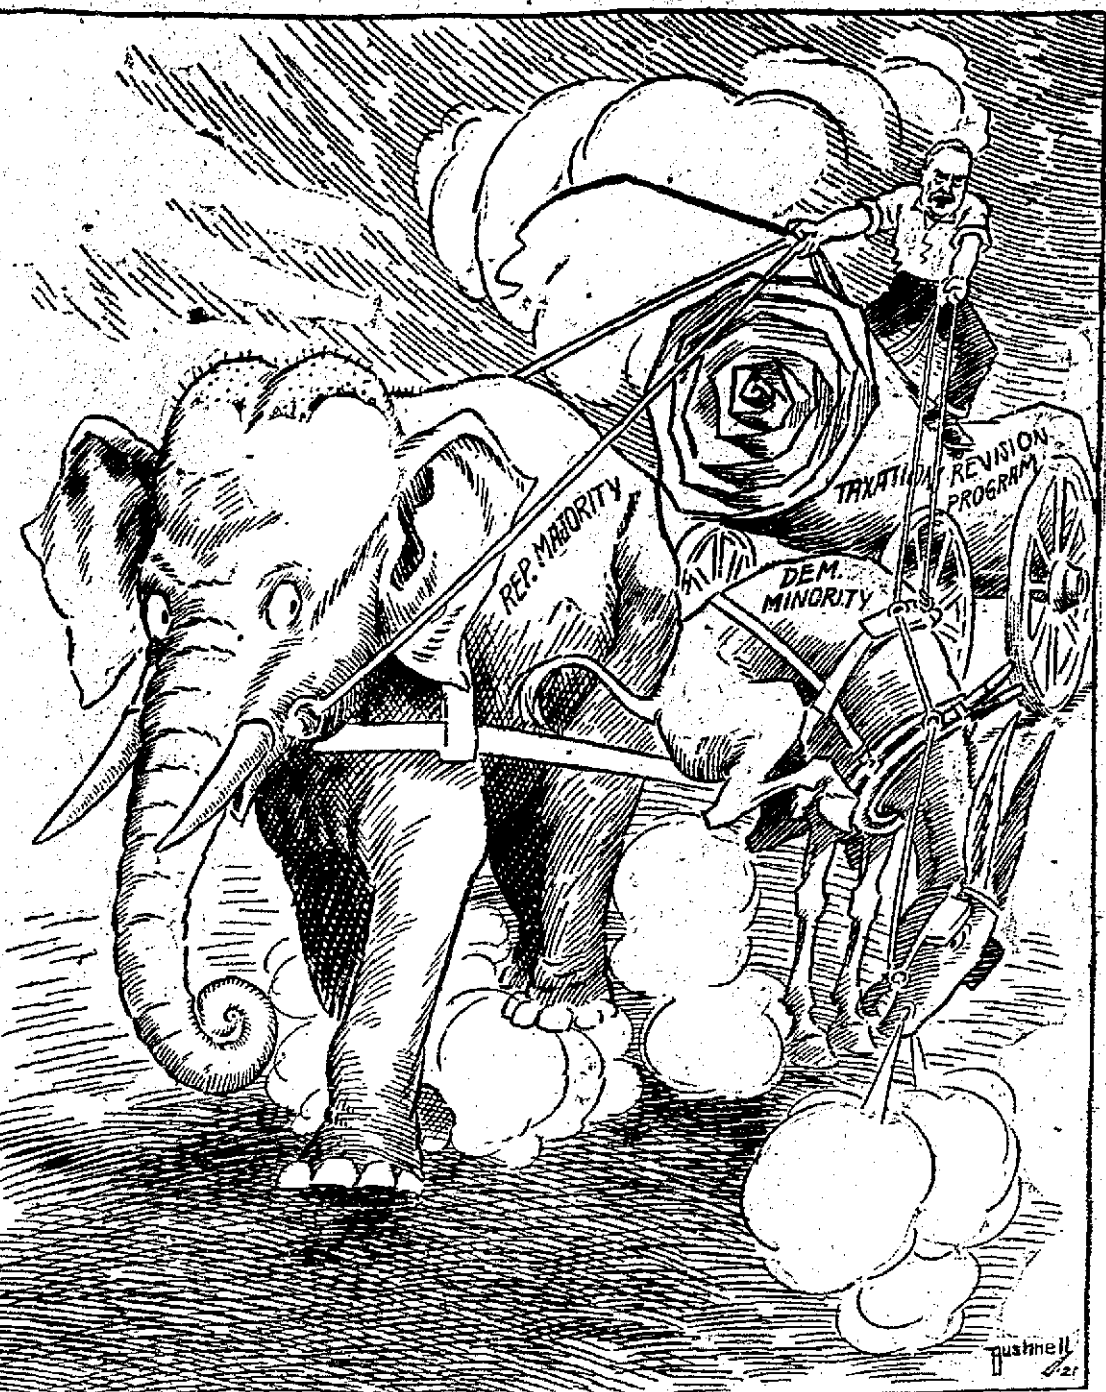

Most of its members joined the church and stay at home at night.

I'd hardly recognize the same old roughneck bunch at all.

I can't see what's got into them since grandpop paid his call.

**MISS LIMA:** "Lima people often sigh for a real river running thru the city. The observation is impelled that if we treated it the same as we do Ottawa river, we're better off without it."

## HEALTH HINTS

By William Brady, M. D.

### A REGIMEN FOR STOUT WOMEN.

So many, many women—not to drag in the men—begin soon after thirty digging their graves with their teeth, which is a famous allegory but an unfortunate one, from our present physiological point of view, for in truth life is shortened because we do not make enough use of our teeth. I dare say the modern food manufacturer, who takes it upon himself to remove every factor or element of the food that he deems indigestible or otherwise unfit for human consumption, is more to blame than are our teeth for the short race so many of us run. The food manufacturer or manipulator calls this "purifying" the food; I call it mollycoddling the food. For example, the food manipulator takes a wholesome thing like wheat and removes the iron, the phosphorus, most of the other mineral salts or elements, and the vitamins, and sells what remains under the pleasing name of refined white flour—which makes but a sorry staff of life to lean on. He similarly maltreats rice and sells what remains as a suitable food—and it is suitable for the production of such grave nutritional disorders as beriberi (multiple neuritis). Brown rice (unpolished rice) is suitable for healthy people to eat; polished rice is not. These and many other harmful processes which the food manipulator deems essential are more or less calculated to discourage the natural process of mastication. And it is too easy to forget that the chief part of digestion occurs in the mouth.

Prosperous Jewish people in this country are fond of what they deem good living. They are great eaters. Dr. Joslin, who has made an extensive study of diabetes, holds that overeating is the chief cause of that grave functional disorder. He cites the incidence of diabetes among Jewish people in America—and its prevalence among them is well known. He calls attention to the marked tendency toward obesity among Jewish women particularly, and I think it is true that Jewish women of the prosperous class in America hate exercise about as much as any class in the world. The outcome is inevitable—too much food, too little exercise, obesity. This seems unfortunate, for as a class Jewish women are blessed with great physical beauty and, by reason of their religious adherence to hygienic law, with fine health besides. They make ideal mothers. It is nothing less than tragic that they should neglect their physical education.

Any woman who reluctantly realizes that she is growing too stout or corpulent, especially about the middle of her body—that is, about the hips, thighs, buttocks, and abdomen—must understand, first, that the corset is a chief factor. It has been worn tight-fitting, and second, that use of the very muscle groups which the corset renders practically useless will prevent and remove the fat deposits which not only destroy physical beauty, but, as slacker flesh, live on the body's energy as parasites do, and thus shorten life. For such a woman I would prescribe some such regimen as follows:

- (1) More thorough use of the teeth—complete mastication—something akin to Fletcherism. This fills in time at table without overfilling the alimentary tube.
- (2) Two miles of oxygen three times a day on the hoof, or its equivalent in general exercise, not counting housework as exercise.
- (3) From five to ten minutes each morning and night, with no interruptions on account of menstrual periods, of high kicking at a suspended target, both forward and backward kicking.

If some such minimum of daily exercise were compulsory for all women not actually disabled by disease, the sum total of happiness in the world would be materially increased.

**Children Cry FOR FLETCHER'S CASTORIA**

## JUST FOLKS—BY EDGAR A. GUEST

### A SPORTSMAN

Bill never took the little ones to fill his frying pan, He played the game with trout and bass the way he played with man, And even fishing for his meal, he'd face an empty dish. Before he'd keep to feed himself an out-of-season fish.

Bill always gave the fish a chance. If they refused his fly, He reckoned they were wise enough to know the reason why; And when a big one took his bait he'd try to bring him in, But even tho' he'd lose the bass, he'd never lose his grin.

The laws don't always have it right. The fifteenth day of June Makes legal going after bass, but sometimes that's too soon, And Bill would wait for days and days before a line he'd wet, And answer when we asked him why: "They're not thru spawning yet."

If I should write his epitaph when Bill is called away, It wouldn't be a flowery thing; one simple line I'd say, And yet I think 'twould be the

phrase which Bill himself would wish. "He played fair with his fellow man and play fair with the fish."

### ABE MARTIN

Joe Lark, who's been striking since February, is takin' his vacation by helpin' out at th' O. K. Garage. Cheer up, times ain't so bad. What if you had a big stock o' petticoats on hand?

## WHY YOU NEED IRON

To make you strong and "briny" and put the power into your blood to overcome disease germs.

PRACTICAL ADVICE ON HOW TO DEVELOP GREAT ENERGY AND ENDURANCE

The food you eat contains carbon. When your food is digested it is absorbed from the intestines into the blood. When the carbon in your food comes in contact with the oxygen carried by the iron in your blood, the carbon and oxygen unite and by so doing they give off tremendous energy, thereby giving you great force, strength and endurance. Without iron your blood carries no oxygen and without oxygen there is nothing to unite with the carbon in your food, so that what you eat does you no good—you do not get any strength from it. It is like putting coal into a stove without a fire. You cannot get any heat unless the coal unites with the fire.

This strongest weapon with which to prevent and overcome cold, pneumonia, kidney trouble, rheumatism, nervous prostration, in fact almost any disease or disease germs is plenty of good rich, pure blood, strength, and endurance. The body is organic iron, not metallic iron which people usually take, but organic iron like the iron in spinach, lentils and apples, and like the iron contained in what people usually take, organic Nuxated Iron, which may be had from almost any druggist.

If you have been taking metallic iron without benefit such is no proof that organic Nuxated Iron will not help you. Nuxated Iron often increases the strength, energy and endurance of weak, nervous, run down folks in two weeks time. It is such an extremely valuable product that even the Pope at Rome wrote especially of its merits in a communication to Pharmacists. Normale, it has been used and highly recommended by former United States Senators, members of Congress, Judges of U. S. Courts, many physicians and prominent men.

Over 4,000,000 people are now using it annually. Satisfactory results are guaranteed or your money will be refunded. Sold by all druggists in table form only.—Adv.

## SUFFERED ALL A WOMAN COULD

Mrs. Meyer Finally Found Relief and Health in Lydia E. Pinkham's Vegetable Compound

Orange, Cal.—"I always feel very grateful to you, as some twenty years ago three doctors said I had to have a serious operation. I had a tumor, and ulcers which would gash and break. I was so weak and nervous, I had to sit down at times, and it seemed as if I suffered everything that a woman could suffer. Then some one advised me to take Lydia E. Pinkham's Vegetable Compound, and I took it until I was cured and saved from the operation. I have told women of your wonderful medicine times without number, and I am willing that you should use these facts and my name if you like. I also used your Compound during the Change, and I can do all my own work but the heavy part, and can walk miles every day as I help my husband in the office."

Mrs. J. H. Meyer, 412 South Orange St., Orange, California. It is quite true that such troubles as Mrs. Meyer had may reach a stage where an operation is the only resource. On the other hand, a great many women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

## ARMAMENT AIDES PROPOSED

Harding Urged to Appoint Advisory Commission

WOULD ASSIST DELEGATES

Four More of Delegation Are to be Named

WASHINGTON — (By United Press)—President Harding is being urged to appoint an advisory commission to assist the delegates to the disarmament conference.

This suggestion is being put forward by some of the president's advisers to get him out of a complicated situation which has arisen over the personnel of the proposed disarmament commission.

WILL NAME DEMOCRAT

The American delegation is not likely to exceed six members, and the number is expected to be officially fixed and with Secretary Hughes and Senator Lodge already named, only four places at most remain to be filled. A properly balanced commission should include members familiar with naval problems, military problems, world's finance and international law, it is said. The president has also indicated he wants to appoint a prominent Democrat to represent the minority party.

Then there is a powerful movement on for the appointment of Senator Borah as the man chiefly responsible for the calling of the conference.

After careful study of these factors the president may find it advisable to yield to the suggestion that the main committee be composed of persons of recognized calibre without reference to expert knowledge. The specialists could then be grouped in an advisory commission which would be in close touch at all times with the delegation. One suggestion is that the women should have a special representative on this body and that Senator Borah, representing the group who advocate only naval disarmament should also be a member as each would represent a special rather than a general interest.

WOMAN OPPOSED

The difficulty of appointing a woman to the disarmament commission was aggravated today by the declaration of two women's organizations against the idea. "If the woman would be the height of folly to appoint a woman just because she is a woman," Miss Florence King, president of the Women's Association of Commerce, said.

Miss Mary C. Kilbreath, leader of the women opposed to suffrage, declared that the demand for a woman delegate comes from a "very radical, ambitious and dangerous group of feminists identified with the worst form of internationalism."

President Harding, it can be said, leans sympathetically to the idea of a woman member.

## HOOCH MUST GO W. C. T. U. SAYS

Dryness is Slogan at Frisco Convention

SAN FRANCISCO — (By United Press)—"Make the United States dry in ten years," was the slogan of the opening session of the Women's Christian Temperance Union's 48th annual convention here today. One thousand delegates attended.

Prohibition has failed to achieve its object, convention leaders declared, and the women of the W. C. T. U. are going to get back of it and put it over. Meanwhile, everything else is to be dropped. Short skirts can stay up, rolled stockings can stay down, men may smoke and women may rouge, but "hooch" must go.

"We are carrying on our campaign against alcohol and nothing but alcohol," said Anna Gordon, national president, who was in the chair. "We will, of course, pursue our educational campaign against narcotics and tobacco as we have for 40 years, but the only 'drive' will be against drink."

An intensive campaign for state and local laws which will reinforce the Volstead act and make it the duty of local officers to enforce prohibition, was outlined at the opening session.

The delegates were instructed to have their local organizations back up prohibition enforcement officials in every possible way. The convention went on record as definitely opposed to the "beer and light wine" movement, or any move to increase alcoholic contents of beverages.

## OPENING GUN OF MOOSE SHOW TO FIRED TONIGHT

The mythical opening gun will be a reality Thursday night when the first "shot" is fired to mark the start of the "Made in Lima" exposition to be held for the next ten days at the new Moose temple, corner West and North-sts.

Promoters of the exhibit, which is the first of its kind ever to be held in this city, declare that everything is in readiness, and that the exhibit is only the firing of the starting gun.

A mortar on the top of the building will belch forth promptly at 7:30 o'clock with a peal of thunder from high-powered explosives, to notify citizens that the exhibition is ready.

## TEAMSTER FINED \$10 ON ASSAULT CHARGE

Found guilty of assault when arraigned before Judge Jackson in police court Thursday morning, Earl Miller, 25, of 116 Miller-ave, was fined \$10. Denny Cox, teamster, who works with Miller, preferred charges Wednesday morning. Miller was arrested shortly afterwards.

According to Cox, a controversy arose over title which they were unloading on Charles-st. Miller, Cox told the court, pulled him from the wagon and struck him in the eye.

## WILL SAIL SEPT. 1

Charles B. Warren

This picture of Charles B. Warren of Detroit, the newly appointed ambassador to Japan, was taken a few days ago as he left the White House after having received his instructions from President Harding. Mr. Warren had just returned from a tour of Europe when his appointment was announced. He will leave for Tokyo about Sept. 1.

## EXPORTS DECLINE \$3,000,000,000

Slump Ascribed to World-Wide Trade Depression

WASHINGTON — (By Associated Press)—The decrease of over \$3,000,000,000 in the value of the country's foreign trade during the past fiscal year was ascribed by the commerce department today to the world-wide trade depression, coming as an aftermath of the war.

Lower prices, rather than diminished quantities, were to a great extent responsible for the decrease in exports, the department asserted. The total value of the foreign trade of the country dropped from \$13,347,000,000 in the fiscal year 1920 to \$10,171,000,000 in 1921, a decrease of 23.8 per cent, the statement showed. Imports dropped from \$5,238,000,000 in 1920 to \$3,654,000,000 in 1921, a loss of \$1,584,000,000, or 32.2 per cent, while exports amounted to \$8,109,000,000 in 1920 against \$6,516,000,000 in 1921, decreased \$1,593,000,000 or 19.6 per cent.

Other causes also contributed to the small foreign trade totals, the department said, "also had an adverse effect on American exports last year."

THEIR FIRST, A GIRL

W. R. Stapleton, 309 N. Scott-st, started out Thursday morning with a box of cigars, among his friends, in celebration of the arrival of a daughter, Nora Ellen, 3 1/2 pounds, at his home. Wednesday afternoon, the first born of Mr. and Mrs. Stapleton. Mrs. Stapleton was formerly Rosetta Coate.

HAWKINS, JUNIOR

Mr. and Mrs. H. B. Hawkins, residing seven miles south of Lima, on the St. Johns-rd, announce the birth of a son at City hospital, Tuesday.

## HOMES WRECKED BY STORM

Many Buildings Completely Demolished in Meigs-co

SEVERAL PERSONS INJURED

Autos Blown Over in Streets at Racine

POMEROY, O.—(By Associated Press)—This vicinity yesterday afternoon experienced what even old inhabitants declare was one of the worst wind and rain storms in Meigs-co's history.

Four persons were injured, two seriously, and one, John Langman, 22, of Graham, across the Ohio river from here, has been missing since before the storm. The most serious damage occurred at Racine, about a mile from here, where two buildings were completely demolished and automobiles standing in the streets were blown over and damaged.

A Mrs. Foreman, of Racine, who was sitting in an automobile when the storm broke, was hurled from the machine and against a tree. Later it was necessary to amputate one of her arms. She will recover.

Three buildings were wrecked at Graham, across the river, where two people were seriously injured. The force of the wind was so great that boards and boxes are said to have been blown across the Ohio river, which is from 250 to 300 yards wide here.

MAYOR'S RIGHT UPHOLD. CINCINNATI—Decision upholding the right of Mayor M. P. Scott, of Milford, Ohio, to try the cases of three Cincinnatians for alleged violation of the Crabbie dry law, were handed down at Batavia by Common Pleas Judge W. A. Joseph.

PARTIES ROBBED. LANCASTER—Three automobile parties were held up and robbed of money and jewelry on the Sugar Grove road near here by a negro and a white man.

KILLED IN FALL. GALLIPOLIS—Lawrence Heiss, 19, Columbus, was killed when he fell from a K. & M. train near Langsville while beating his way home to see his mother.

ACCEPT WAGE CUT. TOLEDO—Stage mechanics at a conference with managers of local theatres voted to accept a 12 per cent wage reduction.

FOUR ARRESTED. CINCINNATI—William Lawson, Big Four railroad detective, and three negroes, two of whom had been shot, were arrested after a near riot was quelled.

## ULREY OBSEQUES TO TAKE PLACE FRIDAY

Funeral services for Elias Ulrey, 75, retired farmer, 3 1/2 miles east of Cridersville, will be held Friday morning at 9:30 o'clock at Independent chapel, near Cridersville. The Rev. L. R. Wingert, pastor of the Church of God, Lima, will officiate. Interment in Barton cemetery, near his home.

Ulrey died at the City hospital, Wednesday afternoon, after an illness of ten days, following an operation for bladder trouble. Surviving are the widow, three sons and three daughters, Mrs. Daisy Sellers, Philip Ulrey and Ralph Ulrey, all residing in the country near Lima; Frank Ulrey, Waynesfield, Mrs. Henry Brinkman, Magnolia, Ark., and Mrs. Clara Vance, Lima.

## RACE ENTRIES FOR FAIR CLOSED; MANY TAGS ARE REQUIRED FOR EXHIBITS

Advance entries for the Allen-co. fair, which opens next Tuesday, are coming in at a lively rate, according to Otto Fraunfelder, superintendent of entries.

Mr. Fraunfelder announced that he will be at the office of the fair board in the basement of the court house all this week to receive entry blanks and hand out tags in advance.

Object is to give entrants an opportunity to secure their tags for placing on articles before taking the exhibits to the fair. All articles must be at the fair grounds, ready to be placed in their various departments, by six p. m. Monday.

The only exception in this case is in the speed department. Entries in the trotting and pacing class closed on Wednesday, this guaranteeing a classy lot of horses when the going sounds for the races, which will feature every day of the fair, officials say.

## TAX BILL CALLED PROFITEER AID

Democrats Declare Measure Favors Wealthy Corporations

WASHINGTON — (By Associated Press)—With Democratic opposition pledged as a result of the party caucus last night, general debate on the Republican tax revision bill was continued in the house today. The caucus, which was the fourth held in an effort to determine a program for the minority, was attended by 80 of the 132 Democrats in the house and the vote for opposition was said to be unanimous.

No indication was given of the probable attitude of those members of the party who did not attend. AMENDMENTS TOMORROW. General debate, which was opened yesterday by Chairman Fordney, of the ways and means committee, for the Republicans, was scheduled to end tonight and tomorrow amendments will be taken up under five minute speech limitation with a final vote due late Saturday.

Mr. Fordney in outlining the Republican position on the bill, said it was "as equitable a measure" as was possible to draw "under the circumstances."

LINE OF ATTACK. The Democratic line of attack was indicated in a resolution adopted as the party caucus, which declared the measure to be "subversive of the principle that should govern taxation for the support of this government," and charged that it "relieves profiteers and tax payers of large incomes from their just share of the load of taxation and leaves an unfair portion of the burden to be borne by the people of moderate means."

Representative Claude Kitchin, Democratic leader, in a telegram from his home at Scotland Neck, N. C., yesterday to Representative Garrett, of Tennessee, acting minority leader, urging House Democrats to oppose the tax bill, declared its repeal of the excess profits tax and increase of the corporation tax to 15 per cent meant that the big "profiteering corporations" would escape payment of a half billion dollars in taxes, which would fall upon the smaller corporations of less income. The Democratic leader said it would be a "fatal mistake" for any member of his party to vote for the bill.

KORN FUNERAL SATURDAY. Funeral services for James Korn, who died Wednesday morning at the home of his brother, Henry Korn, 355 E. Wayne-st, following a stroke of paralysis, will be held Saturday at 8:30 a. m. at St. Rose Catholic church. Interment will be at Gethsemani.

## REGISTER AUTOS IN DECEMBER

State Has New Law as Aid in Keeping Tab on Motor Cars

Registration of all automobiles for the following year must be made by owners of motor vehicles before the first of January of each year, according to a new law enacted by the last General Assembly.

The new legislation was announced Thursday by C. R. Phillips, county auditor, who received orders in connection with the registration. Every owner of a motor vehicle operated or driven upon the public

roads or highways of the state must mail to the office of the secretary of state a written application on blanks furnished by the secretary of state for that purpose.

Application is to be made in duplicate. A brief description of the motor vehicle registered is to be made, including the name of the manufacturer, factory number, year's model, motive power, in figures of horse power, according to the formula prescribed by the law. In case of commercial cars, the gross weight of vehicle and load is computed according to the formula prescribed.

Name and address of the owner, township, city or village in which he or she resides is to be included in the application.

In case the motor vehicle to be registered is used for hire in connection with any established business or branch business, conducted at a particular place, the district of

registration shall be the municipal corporation in which such place is located. If not located within a municipal corporation, the county in which such place is located is designated.

In case such vehicle is not so used, the district of registration shall be the municipal corporation or county in which the owner resides at the time of making application.

The duplicate copy of the application for registration will be immediately mailed to the county auditor of the county in which the district of registration named in the application is located, by the secretary of state.

The new law was passed on April 29, 1921, and was approved May 14, following.

All applications must be filed before January 1. A heavy fine is connected with failure to properly observe the law.

## If All Business Men ADVERTISED

### WHAT an awful confusion would be heaped upon the publishing business!

Because the vast majority of business men do not advertise, those who do secure results which soon enable them to distance competitors.

Industrial records show that there is a vastly larger percentage of failures among non-advertisers than advertisers.

Newspaper advertising offering seasonal goods at fair prices at certain definite stores will always move the goods.

Not everything that is called advertising is advertising which sells the goods.

Our local retail shops prove this beyond a doubt.

Advertising is not an expense in the way non-advertisers look upon it, but it is paid for from the increased traffic which it creates.

# MRS. JOHN ROBY ENTERTAINS FOR PLAY DIRECTOR

MRS. John Roby, chairman of the recreation committee of the Allen-co Child Welfare association entertained with a prettily appointed 1 o'clock luncheon at the Lima club, Thursday, honoring Fred Wallace, general supervisor of the playgrounds of this city, and the supervisors at the four playground centers, Misses Aline Williams, Ruth Wells, Frances Townsend and Elvira Sutter.

Other guests of Mrs. Roby included Dr. Josephine Peirce, Mrs. Frank Shumate, Mrs. W. J. Galvin, Mrs. Harry L. Gayer, Mrs. E. R. Curtin, Jr., Mrs. S. M. Williams, Mrs. Abner Jones, Mrs. Lester Pratt, Mrs. Allen Zacharias, Miss Eunice Trumbo, Miss Anna Moore, Messrs. Hoffman, Frank Harman, H. H. Starrett, Dudley Bernstein, Captain Edgar Stallsmith and Captain W. B. Wilcox.

Miss Rosetta Knerr, of E. Second-st., entertained with a miscellaneous shower at her home Wednesday evening in honor of her sister, Mrs. Harold Wagner, formerly Alvina Knerr. Dancing, music and cocktails in which Miss Charlotte Sieber and Rosetta Knerr were successful, were enjoyed thruout the evening. At a late hour a delicious two course lunch was served.

Those present included Mrs. Adam Brugner, Mrs. Raymond Conroy, Mrs. Arthur Bryan, Mrs. Mary Ripley, Mrs. Lewis Knerr, Mrs. Carl Knerr, Mrs. Leo Schreiber, Mrs. C. J. Scanlon, Mrs. William Duff, Mrs. Charles Knerr, Misses Thelma King, Viola Weagley, Charlotte Sieber, Hazel Stewart, Lucille Weagley, Ethel Stump and the honor guest.

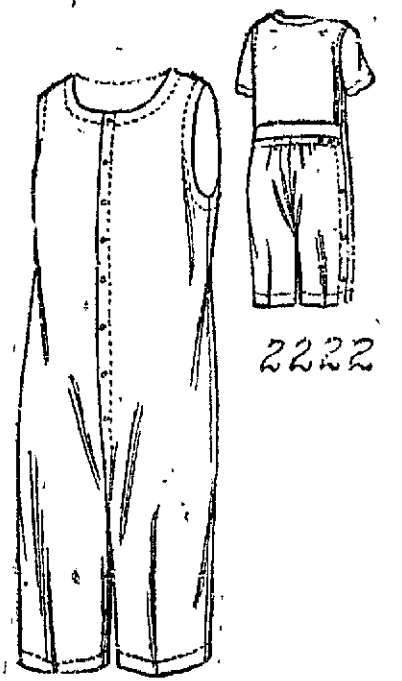

Mrs. Slem Lewis has disposed of her millinery store at 645 S. Main-st., to Miss Florence Exline. Mrs. Lewis will leave next week to make her home in Columbus Grove, where her husband is engaged in the drug business. Mr. and Mrs. Lewis were married early in the spring, since which time Mrs. Lewis has resided here.

Mr. and Mrs. L. L. Elzay, of W. Wayne-st., announce the engagement of their daughter, Miss Nora to Harold A. Ross, of Toledo.

Miss Elzay is connected with the D. D. Jones company of this city. Mr. Ross is inspector for the American District Telephone and Telegraph company of Toledo. The wedding will be an event of the near future.

Miss Bertha Miller, of W. Wayne-st., will leave next week for a trip to Cleveland and Massillon.

## PATTERN FOR TODAY

### PRETTY FROCK FOR FIRST FALL PARTY

By ELOISE.

Summer evening frocks are a necessity, for there are dances at almost every resort. And this summer there are delightful little gowns for both formal and informal wear. The gowns for the first parties and dances of early fall are now being shown and they are very simple and attractive, particularly those for the debutantes and younger maidens. Here is a pretty dance frock which depends upon its simplicity for its smartness. It is fashioned of orange colored chiffon worn over a flesh slip. The bodice is a simple affair cut with a V in the front and back. There are no sleeves in the frock. The skirt is one of the new type featuring an uneven bottom. Large rosettes of gold and brown satin are placed between the points of the skirt, forming the only trimming on the frock save a novel girdle of gold. A frock like this may be worn upon any formal occasion and makes a charming little costume for the country club dinner or early season reception.

Miss Mary Jolley, of Elmwood-pl., is home from a very pleasant visit with relatives and friends in Philadelphia.

Mrs. Harry Fivo and Mrs. Homer Parker are home from a pleasant visit in Chicago and Balavia as the guests of Dr. John Augustine and Mr. and Mrs. J. F. Stull.

Mrs. C. H. Moon, of S. McDonel-st., has returned from a two months' stay at Tennessee Beach, on Lake Michigan.

Mr. and Mrs. I. J. Hall and family, of Shawnee-lwp., are entertaining with a small family gathering Friday in celebration of the 33d birthday of Mrs. Mary Dunan, of S. West-st.

Members of the Jolly Seven club will meet Friday afternoon with Miss Mary Roush, of N. Jameson-ave.

Mrs. Ray Ward, of N. Metcalf-st., was hostess to the members of the Golden Glow Home, Wednesday. Progressive euchre was the diversion of the afternoon. Mrs. E. A. Daymon holding high score among the members and Mrs. O. C. Dill among the guests. Mrs. Edward Blair was consoled. At the conclusion of the play the hostess served a dainty lunch. Mrs. Iva Steiner and Mrs. O. C. Dill were admitted as new members of the club. Members present included Mrs. E. A. Daymon, Mrs. S. H. Ruff, Mrs. Edward Blair, Mrs. Rose Sprague, Mrs. Harvey Bowholtz, Mrs. Charles Roder, Mrs. R. E. Glover. Guests included Mrs. Albee G. Blank and daughters, Albena and Jeanette, of Wapakoneta and Miss Cordula Berwort.

Next meeting will be held with Mrs. Ora Sunderland of St. Johns-ave.

A farewell picnic was given at McCullough's Park, Tuesday evening, honoring Miss Leola Snow, who leaves the city this week for Troy, where she will make her future home.

Those present included Misses Marita Simone, Effie Shinaberry, Mae Barnes, Bernice Frey, Mary Connolly, Winifred Murray, Angie Child, Katherine Cox, Mildred Clark, Mary Dankirt, Luella Clancy, Rilla Krouse, Helen Maus, and the honored guest.

Mr. and Mrs. Paul V. Chivington, of Columbus are the guests of Mrs. Chivington's mother, Mrs. Fanny Spangnagle of W. Market-st. They will return to their home the first of the week accompanied by Mrs. Spangnagle and daughter, Miss Elfreda who will make their future home in Columbus with Mr. and Mrs. Chivington.

Mrs. Alexander T. MacDonell and Mrs. George E. MacDonell have issued invitations for an afternoon affair, Saturday at the Shawnee Country Club. They are also entertaining Friday afternoon at the club.

Rev. and Mrs. Charles W. White and family, of Zellenople, Pa., are the guests of Mrs. White's brother, Charles Ash and family, of W. Spring-st.

Mr. and Mrs. Oscar Boesel and daughter, Miss Marvel, of S. Pierce-st., and Mrs. C. J. Boesel and daughter, Mamie, of St. Marys, are home from a motor trip to Dayton.

William S. Bitner, of Goshen, Ind., and Mrs. Katherine Kountz, of Bluffton, Ind., are the guests of their sisters, Mrs. Joseph Marshall, of W. High-st., and Mrs. William McComb, Jr., of N. Pierce-st.

Mrs. Henry Belling and son, Virgil, of Louisville, Ky., arrived in this city Wednesday for a visit with Mr. and Mrs. Joseph Baker, of Grand-ave.

Mrs. R. L. Bates, of Lakewood-av., is enjoying a stay at Lake Chautauque, N. Y.

Safe Milk For Infants & Invalids  
No Cooking  
A Nutritious Diet for All Ages  
Quick Lunch at Home or Office

Final arrangements are being completed by the members of the educational committee of the Allen-co Child Welfare association, of which Mrs. W. E. Bayly is chairman, for a booth at the Allen-co Fair, which will open next week. Under the supervision of Miss Charlotte Bassitt, R. N., the new rural school nurse, the county chairman will assist Mrs. Bassitt, in case of any serious defects, physicians will be summoned for further examination, with the consent of the mothers. This will be free of charge. A rest room will be established for the mothers and children.

Mrs. Orrin June was hostess to the members of her bridge club at her home in the MacBeth-apts., Monday. At the conclusion of play, with Mrs. Frank Sealts and Mrs. Walter Rowlands holding high score, the hostess served tea.

Miss Helen Schaad, of Marion, is entertaining as her house guests Miss Mary Roberts, of this city; Miss Marjorie Faulkner, of Bucyrus, Miss Constance Hummer, of Scranton, Pa. and Miss Louise Bissman, of Mansfield. Miss Schaad, Miss Dickinson and Miss Faulkner were recent guests of Miss Roberts.

Misses Irene Burba, of Nashville, Tenn., and Miss Katherine Burba, of Dayton returned to Dayton after a visit at the home of Mr. and Mrs. H. R. Whitney, of S. McDonel-st. Miss Irene Burba was visit with Miss Katherine Burba for several weeks before returning to Nashville, where she will attend Peabody College.

Mr. and Mrs. John S. Williams and son, Robert, of State-st., Mr. and Mrs. E. Oliver Steiner, of Rice-av., and Mr. and Mrs. George Eckert and family, of W. High-st., will leave Friday for an outing at Sasasfras Point.

Mr. and Mrs. I. W. Brown, of W. Market-st., are in New York city on a two weeks' visit.

Mrs. W. D. Steiner has as her house guests, Mrs. George Overholtz and son Willard, of Tiffin.

Miss Lauretta Heinrich, of W. Spring-st., is home from a visit with her parents in St. Marys.

Miss Maude Dickinson, of Willamson, W. Va., is visiting Miss Grace Stratton, of S. Cole-st.

Mr. and Mrs. L. L. Neff, of S. Pierce-st., leave next week for a trip to Indiana.

Mr. and Mrs. J. L. Jolley and son, John, of Elmwood-pl., are home from a week's stay at Lakeside.

## GIRLS! LEMONS WHITEN THE SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents. Shake well and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn and tan bleach because it doesn't irritate. —ADV.

## WIFE FAILS TO PAY BILLS

Leaves Obligations Before Marriage For Husband To Adjust

Is Chided For Her Careless Manner of Doing Things

Dear Miss Smart: B I was married. I owed a few bills. I was a poor girl and could not afford to pay them and as I was to be married soon, I waited until I was married and thought my husband could settle up for me.

Now, since I have done this, he is very angry and provoked and says I had no right to permit bills to run so long. Don't you think if he really cared for me he would be willing to pay as much as I wanted him to? A WIFE. YOUR husband is justified in resenting your attitude. No doubt, he is not nearly so concerned over the amount of money involved as he is over the principle in connection with this. It was very thoughtless and unwise of you to bring about such an awkward situation and then wait until after your marriage to reveal it. If you were not financially able to pay for expensive articles before your marriage, you should have refrained from purchasing them. After you found yourself in such a predicament the least you could have done under the circumstances would have been to make a full explanation before the wedding. Since you adopted the attitude you did, doubtless your husband feels that he cannot trust you always in the future and cannot feel assured that you will always be frank and straightforward. The most important thing for you to do is to restore his faith in you.

If your debt does not amount to much, explain to your husband that you regret your thoughtlessness and neglect in this matter. Resolve to be wise and careful in your buying in the future.

Dear Miss Smart: (1) Is it proper for a boy friend to kiss a girl goodnight? (2) When a young girl, who is sitting, is introduced to a young man, what are the proper actions on her part? (3) Are jumpers going to be in style this fall and winter? (4) Is a girl 16 years old enough to wear a veil with a fall hat? (5) What is the age limit for driving a car in Iowa? (6) A very good boy friend of mine is leaving town soon. Would it be proper to give a farewell party for him? (7) Would one of the prominent actresses answer letters personally? (8) Should a girl thank a boy for taking her out in the evening, or is it she who confers the favor? (9) I think this has been discussed sufficiently. (10) Simply remain seated and express her pleasure in meeting the young man. (11) Perhaps. They are very popular at present, but styles change so rapidly these days that one scarcely has time to have a dress made or buy one when Dame Fashion makes her appearance, displaying something entirely new and exceedingly different. (12) I think not. A girl makes a great mistake when she tries to dress and appear older than she really is. (13) The state law requires a person to be not less than 16 years of age, while the city ordinance specifies 14 years of age. However, the state law takes precedence over a city ordinance. (14) Yes. (15) Perhaps. If it were something in which they were really very interested. The prominent actresses receive hundreds of admirers all over the country and it is quite impossible for them to answer these personally. (16) No, it is not exactly proper for her to thank the young man because, as you say, it is she who confers the favor. However, she can express her pleasure during the evening and thus assure the young man that she is enjoying herself.

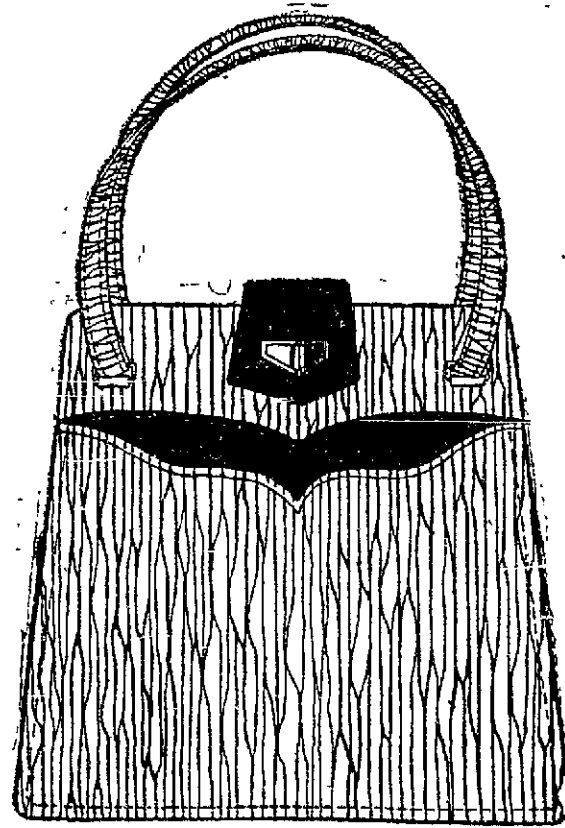

## The Great Rage FOR BELTS

is still on and style indications point to an undiminished demand due to the continued popularity of the "Jumper" style dress in new fabrics for Fall.

The correct belt styles are—Narrow Patent Leather Belts in Black and colors—Combination Black and White Belts, and other handsome color effects—White Kid Belts and novelty styles in attractive perforated designs.

FUR SHOP—SECOND FLOOR

# PARADISE BEND

By WILLIAM PATTERSON WHITE

Judge Allison sat on the porch of the Sunrise Hotel in Marysville.

Tied to the hitching rail in front of the hotel was a good-looking horse. Judge Anderson had bought the horse that very morning from Mr. William Archer. The horse was a little footsore, but two or three weeks of light work would cure that.

"By jove!" mused the judge, here came two unusually fine animals.

Which last remark was called forth by the approach of two big, rangy horses, a bay and a gray. The bays were tall, lean men, and one of them was exceedingly swartly. They dismounted at the hitching rail.

"Flyin' Diamond A," said the judge to himself, eyeing the strangers' mounts. "It must be a southwestern ranch."

The two tall, lean riders would have been pleased had they known of the ease with which the judge had the brands on their horses' flanks. It was a tribute to their skill in hair branding.

That afternoon the younger of the two became intoxicated. The friend endeavored to get him to bed, but he was drunk on a bad day. He was discovered later in Mr. Archer's corral, making hysterical endeavors to climb the fence, and bawling that he was being detained against his will and would presently make a slave of the individual who had hid on the gate.

Mr. Archer with an eye to future vengeance sent for the man's friends. When the swartly one appeared, the other burst into maudlin tears and hid on his neck. He was led away to the hotel and to bed.

When the two strangers were in their room with the door shut, the younger one lay down on his cot and his whole big frame shook with lurch.

"Telescope," whispered the man in the bed. "Telescope, they're five o'clock in that corral o' Archer's, all 'em sorefooted an' till branded arched Twin Diamond."

"Sleeck work," breathed the latter. "I kin sw'ar to dat sorrel, I know he's em, me. He sees six old, un dat red one, I see em in corral I know heem I must

beem a 'tree-year-old. He sees five now."

The bar was nearly empty when Loudon and Laguerre entered the hotel that night. Loudon ordered drinks and treated the bartender. "Any chance o' pickin' up a stake in the Dry Mountains?" hazarded Loudon.

"How?" queried the bartender. "Placer minin'."

"I heard how them strem beds was rich."

"Now ain't that a fright?" complained Loudon. "Chucked up our jobs with the Flyin' Diamond A, 'cause we heard how there was gold in the Dry Mountains. How about east in the Flyin' Pans? Any gold there?"

"Take my word for it, gents and leave the Flyin' Pan alone. Bill Archer's got a claim some'ers over that way an' he goes traipin' out to it. Why, gents, only about ten days ago he got back from a two weeks' trip to his claim."

Why, I'll bet Bill Archer spends mighty high four months in every year out on his claim."

The two friends retired to their room.

"Archer," whispered Laguerre, "he sees w'at you call de fence, huh?"

De odder feller dey run off de pony dem."

In the morning Loudon went in search of Judge Allison. Conversation disclosed the fact that the judge's hobby was the horse.

It was fully a hour before Loudon could tear himself away from Judge Allison.

The long table in the dining room was almost deserted. At one end sat Archer and a lanky person in chaps.

A few minutes later Loudon removed his cartridge belt, hung it on the back of his chair and composed himself ostensibly to doze.

Archer and his lanky friend entered and draped themselves over the bar. Loudon arose, stretched, and yawningly stumbled upstairs.

"Guess I'll go down, announced Loudon, when an hour had elapsed. Laguerre followed his friend down stairs.

"Seems to me I took it off in here," Loudon dung back over his shoulder. "Shore, there it is."

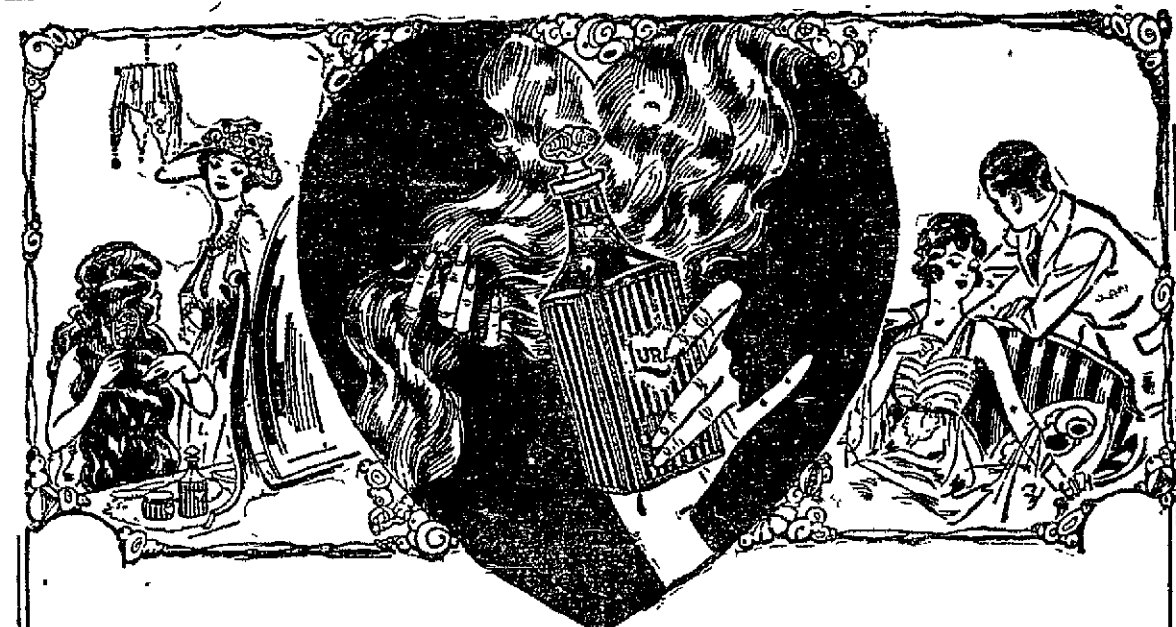

He walked across the barroom to where his cartridge belt and six-shooter hung on the back of a chair. He buckled on the belt.

"How about a little game, gents?" suggested Archer.

Loudon smiled cheerfully.

**We are Offering You This Test FREE**  
—to show you what Lura Liquid Henna Shampoo will do for your hair

WE are urging you to accept this offer—for one week only—and learn how Henna, used in the right way, beautifies your hair and brings health to your scalp.

It is no new discovery that Henna is a tonic. Ancient Egypt used Henna extensively for its remarkable tonic and medicinal values and you are not experimenting with Henna when you use it blended with the fragrant cleansing liquid of the Lura Shampoo.

Lura Henna Shampoo, will get at the seat of hair troubles, destroy the cause, cleanse the scalp and give new life to hair.

When used solely as a shampoo, Lura is unexcelled. The liquid quickly makes a delightfully refreshing lather which leaves the scalp with that clean feeling; then, it is so easily rinsed from the hair. You will surely

appreciate the new lustre and body of your hair after this shampoo.

You will have the tonic benefits of Henna though you use Lura only as a shampoo, yet if you allow the shampoo to remain upon your hair after the scalp is thoroughly cleansed, the lovely rich tones of your hair can be intensified to just the degree that you desire. There isn't the smallest danger of getting an unnatural shade nor will it stain the hands and scalp.

The length of time you allow the shampoo to remain upon the hair, determines the extent of the color effect you receive. The full directions are on every bottle.

Wash beauty and health into your hair with every shampoo. It brings the gloss and brightness of Youth to your hair. It comes in one size only—price \$1.00.

## How to Use It—

### As a General Shampoo

Wet hair thoroughly, then pour one tablespoonful of Shampoo on head and massage vigorously, loosening all dirt and dandruff. Rinse well then apply another tablespoonful of Shampoo, rub well and rinse thoroughly, first in hot then in cool water. Only two applications are necessary, and to use more than a tablespoonful to an application is to waste the Shampoo.

During this week present the coupon to the dealers listed. Do it today—and know for yourself what Lura Liquid Henna Shampoo will do for your hair.

Made by the  
IDEAL LABORATORIES COMPANY, Chicago

Sold at the following stores:

THOMPSON'S THREE DRUG STORES

BUTLER'S SOUTH SIDE DRUG STORE

Main and Kibby Sts.

### To Bring Out the Glim—Not Changing the Color

Wet the hair thoroughly. Pour one tablespoonful of Shampoo on hair, massage vigorously, loosening all dirt and dandruff. Rinse well. Squeeze water from hair, so it will not drip. Then apply another tablespoonful of Shampoo and distribute evenly. Do not rub. Do not apply more water, but allow Shampoo to remain on hair for three to fifteen minutes, then apply water, massage and rinse thoroughly. This will not color the hair but will give that "golden glint" so much desired.

### To Darken Gray Hair and Bring the True Henna Tone

Wet the hair thoroughly. Put about one tablespoonful of Shampoo directly on the hair. Rub vigorously into a lather, then rinse the soap out of the hair and rub hair with dry towel so water does not drip from hair, then apply another tablespoonful of Shampoo directly on the hair and distribute evenly. DO NOT RUB, DO NOT APPLY MORE WATER, but allow Shampoo to remain on hair fifteen to thirty minutes, then apply more water, rub into a lather and rinse well.

### One-Week Shampoo FREE

Fill in your name and address. Good at any of the stores here listed. No money is required—simply take the coupon to any of the stores mentioned and get the FREE Top Bottle of Lura Liquid Henna Shampoo.

## A WIFE IN THE MAKING

By PHYLLIS PHILLIPS

The night of Cherry's party was a moonlight one. It was just warm enough still for the young people to enjoy dancing in the open, and gay were the lanterns lighting up the scene of the festivities.

"You've turned this into a veritable fairy bower, Mrs. Randall," the guests assured her as they arrived.

Jack, dressed to the eyes, as the saying goes, hovered about waiting the arrival of his new favorite. The young lady arrived amid a utter of ribbons and laces, that would have caused many an old man's heart to beat crazily. Things looked rather dismal for any youngster like Jack.

He did manage, however, to secure the first dance and beamed happily at Cherry as they passed each other a while later.

Jane's new beau turned out to be a flashy young man from Chicago, with too red lips and an insistent manner that annoyed Cherry to death. She wondered at Jane's

short-sightedness, and yet, after all, the girl had a miserably dull life, and was eager for a new life and any city connections. Mr. William Sils seemed like a sure enough city catch, no doubt, and was perhaps filling her foolish young head with romantic nonsense about Chicago and the world beyond. Still, Jane was Jane, and would know what was the right thing when the time came. She could always be relied on for that, as her mother proudly boasted.

Arthur Hamlen monopolized Cherry's dances from the start.

"Do you know that this is the first time that we've danced together, you and I?" he asked in a sentimental tone as they were seated in a moonlit nook in the garden between dances.

"Yes indeed, and such fun isn't it, Arthur? Much more fun even than designing hats," giggled Cherry as she looked up her tall, handsome partner. "Dear me, I've almost forgotten what it is to be young and

foolish these last few weeks. I declare I have.

"Just as if you ever could!" said Arthur looking into her eyes.

"Indeed, my friend, nothing is easier. Routine and other things can soon change a butterfly girl into a staid and almost prim woman. I know."

"Well, let's hope that these 'other things' will never be allowed to do it to you. Cherry, Cherry, you look simply wonderful tonight. That dress—your eyes, Cherry, I wish—"

"Don't wish, Arthur, dance," commanded Cherry, catching the danger signal in his eyes and voice. That's how I feel tonight. Sort of moon-struck, terribly young and gay again. Come, Arthur!" And Arthur followed her like a lamb back to the crowd and the music.

(To be continued.)

**Mack Gets Infielder**

KNOWLEDGE, Tenn. — Frank L. Gallaway, shortstop of the Knoxville club of the Appalachian League, was sold today to the Philadelphia American League club. The purchase price, said to have been the highest ever paid for a class "D" player, was withal at \$10,000.

Gallaway, who is a former University of Tennessee star, will report at the close of the minor league season September 18.

**Wilson -- Downey Will Start Work**

NEW YORK — Johnny Wilson of Boston and Bryan Downey of Cleveland, who meet for the world's middleweight championship in Jersey City, La Guardia, have been notified by Tex Rickard to come to New York next Monday for their final two weeks training, it was announced today.

One of the preliminary contests will bring together Johnny Buff, of Jersey City, claimant of the American flyweight championship, and Indian Russell of Harrisburg.

**Downed In Gotham**

NEW YORK. — (Special) — Home runs off the bats of George Kelly and Dave Bancroft aided the giants to emerge triumphant in the first clash of the Red's final invasion of Cohan's Bluff, by the score of 6 to 3. It was Long George's twentieth home run of the season. Rube Marquard was sent to the slab by Manager Moran, but the former Dodger star was unequal to the occasion after two innings, so Coubme was sent to stop the massacre. This he did, holding the Giants to a pair of hits in six frames.

Fred Toucy, from the claybanks of Tennessee, opened the gate for McGraw, Jennings & Co., but gave way to Pat Shea in the fourth inning when the Reds threatened to stage a rally.

The score: Cincinnati 100 200 000—3 4 2 New York 120 000 000—6 6 1 Batteries: Marquard, Coubme and Wingo, Toucy, Shea and Snyder.

**Rain Interferes With Belmont Meet**

PHILADELPHIA — Weather conditions for holding the Grand Circuit races over the Belmont track were unfavorable this morning, but barring more rain the card was to be taken up in the regular order today, with the Beluevs Stratford stake of \$2500 for 2:05 trotters as the feature event.

There were ten of the fastest trotters of the year entered in this race. The Navbeek stake of \$2,000 for 2:15 trotters brought together what is claimed as the best field of three year olds that have met this year. There were 10 entered. Eighteen was named in the B. F. Keith Theatre stake of \$1,000 for 2:13 trotters and eighteen also entered for the Noveltv race for trotters at one mile and 100 yards.

The meeting will hold over until Saturday and the original program will be presented.

**Japan - India Face Each Other Today**

CHICAGO — With each nation competing for the first time in the history of international sport, Japan and India faced each other as opponents on opposite sides of the tennis net this afternoon in opening singles matches of the semi-final round of the Davis cup tie.

Japan's champion, somewhat better known than the Indian stars, for the first day of play were Captain Ichiya Kumagae and Zenzu Shimidzu. Kumagae was paired against Mohammed Slem, the play to start at three o'clock. Immediately after this match Shimidzu and A. H. Fyee were paired for the second event of the day. Both Slem and Fyee are native born Hindus. Their selection for the singles matches followed an injury to the right knee of Captain S. M. Jacob, of the Indian team.

The Japanese team was a favorite to win the series. One doubles match will be played tomorrow and two more singles events on Saturday.

# CINCINNATI REDS MAY PLAY EXHIBITION HERE

## Halloran Makes Offer To Heinie Groh For Lima Game

Arrangements are being made whereby the Cincinnati, National league, club will play an exhibition game against the Independents here after the close of the circuit season. Manager Bernie Halloran, of the local organization, made this announcement today upon receipt of a letter from Heinie Groh, Red star, who will captain the team on a barnstorming tour after completion of the National league season. It depends upon whether or not the Reds will accept Halloran's terms.

Practically all the present players will accompany the team to Lima even if arrangements are successfully made. Eddie Roush, Heinie Groh, Larry Kopf, Pat Dunham, Eppa Rixey, and all other members of the club with the exception of Greasy Neale are promised. Neale, immediately following the close of the season, takes up his studies as football coach.

Halloran has written Groh offering his very best terms. It is not unlikely that the Red captain will accept the offer, and show for one day in this city.

Halloran is making an effort to strengthen the Independents for Sunday's game against Troy. By virtue of victories over practically all the worthy contenders in the southern section of the state, Troy lays claim to the championship of that section. That the Troy gang has a real baseball machine was demonstrated here a few weeks ago when they downed the fast traveling Independents by a 10 to 4 score.

**WANTS SUNNY'S GAME**  
Hollan, who is giving out no definite information, Thursday declared he plans to strengthen one or two positions on the team, obtaining players who are capable of pounding the pill. He will, Hollan avers, make every effort to take Sunday's game, thus necessitating a third game with Troy in order to decide the winners of the series and the southern championship.

"We have just as good a team as Troy," Hollan said, "and I intend that Lima shall have a better claim to Troy's title, which we will have if we can win this series. I realize that Troy is one of the strongest teams we have backed up against this season, and that we will have to stop it we beat them. But you can bet we are going to make every effort in the world."

Left Robins, former Cub hurler slated to work for Mural county team, while Alexander will be sent in against them.

**Indians Grab It**

CLEVELAND. — (Special) — Pounding the slants of four Athletics hurlers for 20 hits, the Indians pulled off a 15 to 8 victory over the Mackmen. Stan Coveleskie, Speaker's best bet, had a short and stormy career facing the sluggers who come from the Quaker city. Stan lasted less than two innings. Spoke sent Slim Caldwell to the rescue, and the elongated chap was master of the situation in the major portion of the game.

Johnny Walker, catcher, who has been playing first base for the Mackmen was hit in the head by a ball off Jameson's bat. The youngster was knocked unconscious. He was taken to Lakeside hospital where an examination revealed that he had sustained concussion of the brain.

The score: Philadelphia 410 020 001—8 11 1 Cleveland 541 001 13x—15 20 2 Batteries: Moore, Harris, Freeman, Naylor and Perkins; Coveleski, Caldwell and O'Neill.

**Georges' Heart Is Reported Injured**

PARIS.—Internal injuries which resulted from the body blows of Jack Dempsey, may cause Georges Carpentier to retire from the ring without another battle.

The European champion admits that he is going to undergo a general physical examination to determine the exact nature of the injury to his thumb and to ascertain the condition of his heart and interior organs.

While Carpentier did not admit it, it was learned from his friends that he was having trouble with his heart since he was defeated by Dempsey.

## WEST COAST GIRL WINS TWO TITLES

Miss Thelma Darb.

She's a dard in more ways than one, as the boys would say. Miss Thelma Darb of Los Angeles recently won the 220-yard and the 880-yard women's races in the annual Pacific coast championship swimming contests held at Coronado beach. She is now 1921 champion in both events. Her time in the 220-yard was 3 minutes, 22 seconds, and in the 880-yard 14 minutes, 9 3/5 seconds.

**SELECTS 3 GOOD UTILITY PLAYERS**

Expressing his belief that a utility man should be able to fill almost any position, G. L. P. N. Elizabeth-st, names Phillips, Schroeder and South as his selections to form the bench as utility members of the all-star team selected from the Business Club's league to be pitted against the Independents in the near future. Not only are they wonderful performers, G. L. P. avers, but they are dangerous men with the hickory.

Here is his regular team in the order which he would bat them: Reynolds, cl.; Wisely, ss; Bernsten, lb.; R. Sealts, lf.; Goodrich, 2b.; Basinger, rf.; Boop, 3b.; F. Sealts, c.; Cunningham, Ashton, Coon, p.

**PAUL FORCHE** 407 Garfield-ave — Cunningham, Boop, Coon, p.; Preston, lb.; Burke, Allgire, c.; Past, 2b.; Wisely, ss; Phillips, lf.; Basinger, cf.; Farrell, rf.

**Egan May Enter**

CHICAGO. — H. Chandler Egan, twice national amateur golf champion and four times winner of the Western title, is planning to try for the crown again at St. Louis next month, according to a letter received from him by National Champion Chick Evans. Egan, who removed to Oregon several years ago, has not taken part in national championships since going west.

**Hall Is Defeated**

NEW YORK. — James W. Hall Jr., of Brooklyn, national long distance swimming champion, was defeated in a 500 yard match race at Brighton Beach by Henry Giebel, of New York Athletic Club last night. Giebel won by a yard after a thrilling neck to neck contest. His time was 6:29 2-5.

## Suzanne Disgusted With Self

FOREST HILLS, N. Y. — Miss Suzanne Lenglen expressed fear today that America would regard her as a "poor sport." Discussing her default to Mrs. Molla Bjurstedt Mallory in the women's national tennis tournament after which she refused to shake hands, the French star reproached herself with tears streaming down her cheeks.

"I am disgusted," she said, "Disgusted with myself that I should ever have gone on the courts. My doctor advised me not to play. My own better judgment warned me against it. I was really feeling badly. MEANT SO MUCH TO HER."

"You see, it meant so much to me. Just everything. I had so looked forward to coming to America. I have always admired you from afar and I did wish to make a good impression and now I am afraid everything is spoiled. What grieves me most, however, is that I did not show more of the game spirit of my country."

"Really I did not realize what I was doing when I broke down and defaulted. If I had to do it all over again it would be so different. I felt so sick and everything seemed going against me; but I should not have given in had I realized what I was doing. I am afraid you Americans will think I am what you call a 'poor sport.'"

"I was a little heavy hearted. How could one help it? And of course I show my feelings more than you calm Americans. I am not discouraged. I am going ahead as if nothing had happened. My one ambition now is to meet Mrs. Mallory again."

**CALIFORNIA GIRL WONDER**  
Little Helen Wills, the 15-year-old tennis marvel of Berkeley, Calif., who still parts her hair in the middle and wears "pig tails" down her back, gets her first chance at a national title this afternoon.

The Rangy Pacific coast child meets Miss Virginia Carpenter in the final round for the national junior crown at the courts of the West Side Tennis Club are not too water-soaked to prevent play.

Helen came east with a great record on the coast and at Seabright last week, she made good all the nice things that have been said about her by taking a set against Eleanor Goss, who ranks fifth among the senior stars.

Critics who have watched her game in the east, say that she is good enough now to be placed in the elite circle of the first ten and that she is heading in rapid strides toward a real marvel rating.

**FAVORITE WITH BOYS**  
She is an unassuming young maid and is quite a heroine with the boy prodigies around the court who are chasing balls for the stars.

With the senior play down to the fourth round, it looks as if the Pacific coast were going to have quite a lot to say about the national championship.

Mrs. Molla Bjurstedt Mallory probably will have nothing but practice until she meets Mrs. May Sutton Bundy and Miss Mary K. Browne, who came out of retirement on the coast to help set back the invasion of Mlle Suzanne Lenglen.

It looks now as if Mrs. Mallory will have to defeat Mrs. Bundy in the fifth round and then for the title with Miss Browne in the final.

Neither of the California stars has been forced to extend herself yet.

**Hall Is Defeated**

NEW YORK. — James W. Hall Jr., of Brooklyn, national long distance swimming champion, was defeated in a 500 yard match race at Brighton Beach by Henry Giebel, of New York Athletic Club last night. Giebel won by a yard after a thrilling neck to neck contest. His time was 6:29 2-5.

# HAMILTON PICTURE IS COMING SOON

## REGENT TO REOPEN SEPTEMBER 1--CHATTER FOR FILM FANS

(By ESTHER WAGNER)

COSMO Hamilton, who is responsible for some of the screen's most popular dramatizations, is the author of "Wealth." Ethel Clayton's most recent starring picture. "Wealth" plays an engagement here early in September.

The title of this new picture is particularly apropos. Its plot is fast-moving and dramatic, with many of the scenes laid in New York's Greenwich Village, with Mary McLeod goes to secure types for a drawing of "Wild Women" or something. There she is attracted by Philip Dominick, a dashing young millionaire, whose exploits are daring, to say the least. A romance develops and they are married, but Mary chafes under the life of parasitism which she is forced to live and—well, things grow interesting or all concerned, and startling occurrences take place before everybody is happy again.

Herbert Rawlinson is Miss Clayton's better half in the picture. The costumes, in keeping with the picture's title, are said to be gorgeous, as are the settings. William D. Taylor directed. He is also the producer of the Faurot's present attraction, "The Witching Hour."

### ELLIOT DEXTER'S BACK, GIRLS. THREE CHEERS!

My, but this column's going to be popular today,—all about Elliott Dexter in everything!

It's been quite a long time since we've seen Mr. Dexter and people have been considerably hot up because of the fact. Feminine fans are all but wept and the more hardy masculine admirers have even condescended to ask questions. Well, Mr. Dexter has been ill, but he's better now and "comes back," giving us one of the best impersonations of his career.

"The Witching Hour," which is a present vehicle, is an adaptation of an Augustus Thomas play, and is most opportune right now, when all the world is on its ear about psycho-analysis, the power of the mind, etc.—for that's what the story about.

A murder is committed by a young man, who, in deadly fear every time he looks upon the jewel, a cat's-eye, teased by a gentleman who flashes a jewel before the boy's eyes.

### EGENT THEATRE TO RE-OPEN ON SEPTEMBER 1

R. W. S. Butterfield, Battle Creek, Mich., who operates the Regent theatre, has announced that beginning Thursday, September 1, a theatre will resume the showing of first-class pictures. Renovations and re-painting has already been started. Vaudeville features, it is announced, will be introduced later in the season and it is probable that the Tea Room, located directly above the theatre, will be opened to the public, under new management.

Frank Zartman, who managed the theatre last season, will again take charge of the house during the present year.

### BAUK'S SUNSHINE REVUE HERE FOR NINE WEEKS AT ORPHEUM

Its opening attraction, the Orpheum theatre has secured the well-known Bauk's Sunshine Revue, its premier attraction. The Revue, which played here last season, is one of the most noteworthy offerings of the year, and it is expected at the showing here the week of August 22 will prove equally diverting.

Practically the same company of entertainers are to be seen in the revue as last year, altho several well-known artists have been added to the ensemble. New music, costumes and scenery accompany the t, the Four Musical Kings are also featured, and the chorus is stiffer than ever.

### MISS NIBLO

Fred Niblo wants everybody to know of the arrival of Miss Niblo. She was born last week in Los Angeles, and according to her dad, a "perfect pippin." He says she looks like her lovely mother (Enid Bennett) and at the tender age of a day showed such symptoms of coming an actress that he has already arranged for her debut. Enid Bennett who retired from the screen to welcome her daughter, will return as soon as the baby is old enough to be left to the care of nurse.

### THEATRE DIRECTORY

**THE LYRIC:** Bessie Barriscale is starred in "The Broken Gate" which opens in five days run today at the Lyric. Also, comedy and News.

### THE SIGMA:

William Russell heads the cast in "The Greatest Sacrifice" which is the week-end attraction. Also, a comedy "Who's Who" and a News reel.

### THE MAJESTIC:

"Out of the Storm" with an all-star cast, is the Majestic's feature. Rex Beach wrote the story, which is interpreted by an all-star cast.

### IPPINGS:

Forrest Stanley is to play opposite Na Owen in "Sisters."

### "Exit Quietly":

is the fifth of the series of Christie comedies.

Eva Tanguay says she's going into films. "I don't care."

Jack Mulhall will be Viola Dana's first man in "The Fourteenth Hour."

It will be four more weeks before Pickford completes "Little Fanny."

Allan Gish and D. W. Griffith are slightly injured in a fire at the

## LOOKIT! COLLEEN MOORE WON'T GET IN BAD WITH BATHING BEACH CENSORS

Late this month representatives of every censorship body in the United States will visit Hollywood to confer with film producers over what can and can't be done on the silver screen. When these august persons arrive, they may be surprised at the modesty of the California beaches, for there are plans on foot to have all the bathing beauties and screen stars wear "censorship bathing suits" during the stay of the censors on the coast.

Here is a snapshot of pretty Colleen Moore in her version of the "censorship bathing suit." Colleen says that her bathing suit will be passed by the censors whether her pictures are or not. It is our guess that she will attract more attention in her "modest" suit than she would in the universally worn "one-piece."

## MOVIE SECRETS ARE REVEALED

Q.—In the Harold Lloyd picture "Now or Never," how was the scene made where Lloyd was shown running at neck break speed on the roof of a train?

A.—Harold really did not endanger his life by running along on top of a train at a Man O'War speed. He did actually run over the roofs of the cars but at a safe pace. The illusion of tremendous speed was created by turning the crank of the camera much slower than the ordinary rate of 16 pictures per second. When the film was shown at the standard rate of speed the action of course was greatly speeded up which made Lloyd appear to run at an almost impossible clip. This is one of the commonest tricks of the trade.

Q.—Who are Theodosia Goodman and Mrs. Charles J. Brabin?

A.—They are both Theda Bara. Theodosia Goodman was her real name before she had her name legally changed by the courts to Theda Bara. At the time she had her name changed her mother, father and sister also legally adopted the name of Bara. Theda in private life is Mrs. Brabin, she having just recently been married. Theda was born in Cincinnati, Ohio, 31 years ago and began her screen career as the vampire in the Fox film "A Fool There Was."

Q.—What well known movie actress was born on the same day of the month as her mother?

A.—Lila Lee was a birthday present to her mother and the two recently had a joint birthday celebration in Hollywood on July 25.

Q.—Which of the following actresses are married?

Thelma Percy, Bebe Daniels, Gladys Walton, Betty Blythe, Doris May, Corinne Griffith, Mabel Normand, Elaine Hammerstein, May Allison and Helen Darling.

Colleen Moore in a bathing suit designed for censors' eyes.

## Attractive Fall Hats for Men

It's time to discard that straw hat. The shipment of new Fall Headwear with its smart felt and cloth models will hasten your decision. The new hats are small and light and altogether attractive. Prices are much lower, too, than they have been for a long time on such high grade headwear.

The  
Jolly Men's Store

SAVINGS PLACE AT

304 W. MARKET

### NEW CLAYTON FILM

Ethel Clayton has completed "Exit the Vamp," from Clara Banger's original story, which she has been making at the Lasky studio under the direction of Frank Orson. She will shortly start work on "The Cradle," an adaptation of the stage play from the French of Eugene Brieux. The continuity is by Olga

Printzlan and Thompson Buchanan, will supervise the production.

### WHO IS SHE?

Darrell Foss announced casually recently that when he finished his work with Tom Moore in "From the Ground Up," he was going north to get married. But in answer to the question, "who is she?"

he answered, "I won't tell until after the ceremony and then she'll be Mrs. Foss."

### LUCKY TOM

Tom Mix is to have Eva Novak for his leading woman in his forthcoming picture, "Tralin."

## SHORT SHAVINGS

"Now suppose," said a Canadian temperance lecturer, "I had a pail of water and a pail of beer and brought on a horse, which of the two would he take?"

"He'd take the water," came a voice from the gallery.

"Exactly," said the lecturer. "But why should he take the water?"

"Because you'd beat him to the beer."

Mrs. Brown was getting thoroughly tired of the continual borrowing of her neighbor, Mrs. Smith. First it was some household utensils, then little articles of grocery and so forth. One morning Mrs. Smith's little girl came to the door.

"Please, Mrs. Brown," she said, "mother says would you lend her a little bit of blacklead and some margarine?"

Mrs. Brown was annoyed and determined to stop the borrowing.

"Tell your mother I've got other fish to fry," she snapped.

The little girl went, but was back again in two minutes with a dish and another request.

"Please, mother says could you lend her some of the fried fish?"

An inexperienced golfer appeared on a suburban golf course and soon showed his prowess in scattering turf.

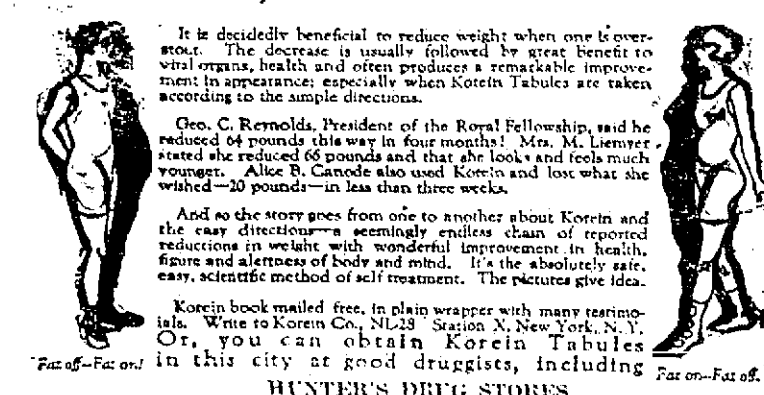

His partner, a complacent person, stood it for a long time in silence. Presently the beginner made a magnificent drive, his ball flew over the horizon, and several pecks of soil were driven into his partner's mouth.

"Fine links," said he.

"Fine!" agreed his polite partner as he wiped the soil from his lips.

"The best I ever tasted."

## He Lost 65 Pounds—She Got Thinner; Both Look Much Better!

It is decidedly beneficial to reduce weight when one is over-weight. The disease is usually followed by great benefits to vital organs, health and often produces a remarkable improvement in appearance, especially when Korein Tablets are taken according to the simple directions.

Geo. C. Reynolds, President of the Royal Fellowship, said he reduced 65 pounds in four months! Mrs. M. Lerner stated she reduced 60 pounds and that she looks and feels much younger. Mr. A. R. Canale also used Korein and lost what he weighed—20 pounds—in less than three weeks.

And so the story goes from one to another about Korein and the easy direction—a seemingly endless chain of reported reductions in weight with wonderful improvement in health, figure and alertness of body and mind. It is the absolutely safe, easy, scientific method of self-treatment. The pictures give idea.

Korein book mailed free, in plain wrapper with many testimonials. Write to Korein Co., 1129 Station X, New York, N. Y. For you, an obtain Korein Tablets in this city at good druggists, including HUNTER'S DRUG STORES.

But Nerv-Worth Quickly Overcame This Trouble Along With Digestive Troubles.

"I was very nervous and run-down, and was troubled with a bad stomach," said W. P. Maher of 20 West St., Xenia, Ohio, a former railroad fireman, and he continues, "I suffered extreme pain after eating, and I bloated and had gas on my stomach. I couldn't sleep at night, and would wake at all hours suffering from pain. I have taken only two bottles of Nerv-Worth, and my stomach no longer bothers me. I feel fine now, and have no gas or bloating. I feel like a new man, and I certainly recommend Nerv-Worth. If you suffer from nervous or stomach disorders, or a run-down condition, the old reliable time-tested Nerv-Worth will give you help. If you are not satisfied after taking your first bottle, your druggist is authorized to refund your money."

Nerv-Worth is sold and recommended by Hunter's Drug Store, Lima; C. M. Young, Van Wert; Gasson's Drug Store, Lima; Drug Store, Kenton; Powell's Pharmacy, Bellefontaine; Minsell's, Defiance.

## Hydrosal Stops All Itching and Stinging

Poison ivy, insect bites, prickly heat, sunburn, baby-rash, sore, tired, sweaty feet quickly relieved.

Whether sting of insect, bite of spider or bee, or poisoning by poison ivy, Hydrosal quickly kills the poison and stops the pain and distress. It is wonderful how quickly it reduces the swelling, relieves the pain and stops the itching.

For sunburn Hydrosal has no equal—one application takes out the fire and seldom does the burn peel if Hydrosal is applied properly.

For baby-rash Hydrosal is a boon to mother and babe. One application brings relief and makes calm, restful sleep possible. So mother will be without it once she has used it for her baby.

For tired, aching feet Hydrosal gives instant relief from pain and burning. Sold by all druggists, 25c, 50c, 75c—Adv.

# Quality Tires —AT— Lower Prices

To establish a following that demands enough tires and tubes to operate our factory at Wadsworth, Ohio, twenty-four hours a day with a capacity of four hundred and fifty tires eight hundred tubes and six thousand men's belts is quite an accomplishment. This has come about through our plan of merchandising direct from the factory through our chain of branches to the Automobile owner. Now instead of paying FOUR profits you pay but ONE and receive Quality Hand Built guaranteed tires at genuine FACTORY PRICES.
